JAPANESE PAY TOUCHING TRIBUTE TO AMERICA

All Classes Join to Express Thanks for Aid as Ambassador Wood Prepares to Sail

BY B. W. FLEISHER
(BY CABLE—EXCLUSIVE DISPATCH)
(Copyright, 1923, Public Ledger.)

TOKIO, Nov. 1.—Ambassador Wood, who is leaving for the United States today on leave, has been the recipient of attentions such as have never been showered on any diplomatic representative by the Japanese. The extent of Japan's regard has not been confined to formal functions in his honor, although these have been attended by the nation's greatest men and the Ambassador's personal efforts have been highly praised.

President Coolidge Spreads Mortar for Monument to Washington

STUDENTS THANK WOOD
The place before the Imperial Hotel, where the American Embassy is located, was yesterday the scene of a great gathering of students and others who expressed their respect to the Ambassador for his work. Later, several hundred students appeared. Ambassador Wood addressed both groups. In the afternoon he attended a meeting in the Imperial Hotel, where the army and navy bands and crowds of school children assembled with the 1400 troops quartered in the park to show their gratitude.

PUTS BAN ON DEVIL BANISHER

District Attorney Gives Drummer Boy of '61 His Freedom; Hails Income

CHICAGO, Nov. 1.—Otha W. Snyder, 74 years of age, who drummed his way through the Civil War, has been making the city sum of \$4000 a year for a number of years by his drumming. He is now a resident of Chicago and has been given his freedom by the district attorney. He is now a resident of Chicago and has been given his freedom by the district attorney.

KAISER'S SON IS TO GO HOME

Permission is Believed Result of Stresemann Desire for Monarchy

BERLIN, Nov. 1.—Tentative permission, it was said today, has been given former Crown Prince Wilhelm to return to Germany. No date of the homecoming of the son of Germany's former war lord was mentioned, but it is thought here his departure from Wierzen will not long be delayed.

Former Head of Fleet in Asia in San Francisco

BY A. P. NIGHT WIRE
SAN FRANCISCO, Nov. 1.—Admiral E. A. Anderson, commander of the Asiatic Fleet for more than a year and who, following the Japanese earthquake disaster assumed direction of all American relief activities in the stricken country, arrived here today with Mrs. Anderson.

Earth Shocks Are Recorded Near Capital

WASHINGTON, Nov. 1.—Earth shocks beginning at 3:15 p.m. today and continuing until 1:12 were recorded on the Georgetown University seismograph. Father Tondorf, director of the observatory, said he was unable to estimate the probable distance or direction of the disturbance from Washington, but thought it might have centered at a point relatively near.

RODRIGUEZ NEW GOVERNOR

Made Military and Civil Chief of Lower California; Lugo Ambassador to Cuba

MEXICALI (Lower California) Nov. 1.—Gen. Abelardo Rodriguez took office today as civil and military Governor of the Northern District of Lower California, succeeding Jose Ines Lugo, civil Governor and, Gen. Jesus Ferrera, military commander. Gen. Lugo has left for Mexico City for a conference with President Obregon, and will then go to Havana, to assume the post of Mexican Ambassador to Cuba.

WASHINGTON STIRRED BY OUTBURST OF POINCARE

French Premier's Speech Limiting Reparations Parley Further May Jeopardize Plan

WASHINGTON, Nov. 1.—Interpretations placed by the French Foreign Office on Premier Poincare's remarks today at Nevers, shocked official Washington somewhat in so far as any purpose of France to prevent a full, complete and impartial inquiry by economic experts into the reparations question may be indicated. Press reports of the Foreign Office view came as a surprise to officials here who had been under the impression that the French Premier had accepted the expert committee plan with only the reservation of all French rights under the Treaty of Versailles and insistence that the committee function under the reparations commission.

DOCTORS HEAR
AMITY APPEALSir Robert Falconer, Canada,
Bearer of MessageSays English-Speaking
Peoples Trust for WorldTri-State Medical Convention
Ends at Des Moines

(BY A. P. NOBLE WIRE)

DES MOINES (Iowa), Nov. 1.—The English-speaking peoples are trustees for the world, and in the degree in which they hold in common their conceptions of world progress, they shall come to have more mutual respect for each other, Sir Robert Falconer, president of the University of Toronto, Canada, declared today in an address before the closing session of the Tri-State Medical Convention, "The English-Speaking Peoples of the World," which is rich in thought and insight into the future of the world.

MADE EMPIRE POSSIBLE
"In the eighteenth century there came a break in the old world through the industrial revolution and Canada fought the battle which made possible the British empire as it exists today, a new empire of self-governing nations."

Dr. Addison C. Fox was chosen today as president-elect to be president in 1924 and Dr. Clifford U. Collins was elected as vice president for 1924, succeeding Dr. James M. Brown of Milwaukee.

The 1924 convention city was not decided upon because the large attendance of the year indicated a growth which necessitates careful choice of future convention places. The convention adjourned after a banquet tonight.

Labor Bureau
Denies Part in
Press Strike

The Times is in receipt of a

communication from the Labor

Bureau, Inc., of New York, de-

nying the interest in the press-

men's strike imputed to it by an

article by Raymond Carroll in

the issue of The Times of Octo-

ber 2. In this dispatch Mr. Car-

roll inferred that the fact that

the New York Call was not af-

fected by the strike was due to

the fact that the Call was a

member of the Labor Bureau.

Of this the Labor Bureau says:

"This statement is not true. The

Labor Bureau, Inc., is a com-

mercial organization for the pro-

tection of the interests of the

pressmen in the strike. It has

nothing to do with the Call or

any other newspaper. The

Call is a newspaper of the

United States and is not a

member of the Labor Bureau.

The Labor Bureau, Inc., is a

commercial organization for the

protection of the interests of

the pressmen in the strike. It

has nothing to do with the

Call or any other newspaper.

The Call is a newspaper of the

United States and is not a

member of the Labor Bureau.

The Labor Bureau, Inc., is a

(Continued from First Page)

quity which must precede the development of any plan as full and complete as possible, and also that the French government would be ready to consider such a plan on its merits when presented.

So far as any official information goes here, that still is the French attitude, the further stipulations from Paris that the experts be called together under the Reparations Commission being entirely agreeable to the Washington administration.

LONDON IS DISTURBED

(BY CABLE AND ASSOCIATED PRESS)

LONDON, Nov. 1.—The news of the grave impression created at Washington by Premier Poincare's speech reached London too late to find officials at the government departments tonight, but it is certain to cause intense disappointment when it becomes generally known.

So many efforts have been made to induce the United States to come to the assistance of distracted Europe, and so many hopes have been built upon even an attenuated conference under the Reparations Commission, which was all the French government would suggest, that should Washington refuse to be a party to such a strictly circumscribed inquiry, disappointment would be redoubled.

It is feared that failure of these negotiations would serve only to aggravate the already desperate situation.

One of the first effects of Washington's possible withdrawal, it is believed, is almost certain to be the fall of the German government.

It is not yet at all clear whether the British government will hold on by a thread, and it seems hardly likely that it can survive the realization that no help is to be hoped for from the United States, if that government remains.

Whether the British government's refusal to recognize a Rhineland republic had anything to do with what is considered the extremely irreconcilable tone. Mr. Poincare adopted in his speech today is only a matter of speculation, but Anglo-French relations are likely to be embittered by that refusal.

FAVORS AMERICA

(BY CABLE-EXCLUSIVE DISPATCH)

LONDON, Nov. 1.—It is stated that Premier Poincare has informed Washington that he is willing to renounce casting the vote which gives France control of the reparations commission, if America will appoint a chairman.

If this is true it will remove much of the British distrust of the coming conference of experts to investigate Germany's capacity to pay and it will go a long way toward restoring the accord between France and Great Britain.

An interchange of suggestions now going on among the European Allies about the terms of the invitation to the United States, the scope of the conference and other vital matters.

HONDURAS CONGRESS

MUST CHOOSE CHIEF

(BY CABLE AND ASSOCIATED PRESS)

TEGUCIGALPA (Honduras), Nov. 1.—The Presidential election of last Sunday resulted in no victory; it was officially reported today, none of the three candidates obtaining sufficient votes for must be elected by Congress.

His next sitting in January, from among the same three candidates. Those are Gen. Tiburcio Carías, Conservative; Dr. Juan Angel Arias, Liberal; and Dr. Policarpo Montilla, also a Liberal.

Prevention Instead of Cure

A salesman struck a river where the water was very muddy and asked of the hotel clerk, "Do you folks bathe in this water?"

"Oh, no."

"Then what good is it?"

"It has its uses. You think you need a bath. You draw a tubful of mud. Then you see you don't need a bath."

"Oh, no."

"Then what good is it?"

"It has its uses. You think you need a bath. You draw a tubful of mud. Then you see you don't need a bath."

"Oh, no."

"Then what good is it?"

MAKES VISIT TO GRAVE OF ROOSEVELT

Lloyd George Then Goes to New York as Guest at Lotus Club Dinner

(BY A. P. NIGHT WIRE)
NEW YORK, Nov. 1.—David Lloyd George was a dinner guest at the Lotus Club tonight, the last night and from where he will speak at the Metropolitan Opera House and Saturday morning he will sail for Europe.
Although comparatively few persons heard the former British Premier speak tonight, arrangements were made to broadcast his words over the wireless telephone so that many thousands could hear him.
Mr. Lloyd George motored to the Lotus Club from the Lotus Valley, L. I., home of John W. Davis, former Ambassador to Great Britain, where he passed the night and from where he visited the grave of Theodore Roosevelt at Oyster Bay today.
The dinner was attended by many men prominent in every walk of New York life. Among those at the head of the table were Nicholas Murray Butler, president of the club, who presided; Charles H. Dwyer, Charles M. Schwab, Mr. Davis, Melville E. Stone and Roy Howard.

GENERAL DENIAL BY MRS. STOKES

Misconduct Charges of Her Husband Refuted

Wife of Hotel Man Takes Stand, Defends Self

Court Rebukes Attorney in Verbal Tilt

(BY A. P. NIGHT WIRE)
NEW YORK, Nov. 1.—Helen Stokes entered categorical denial to all accusations of misconduct made against her by W. E. D. Stokes, wealthy hotel proprietor, after more than three hours of testimony in her own behalf at today's session of the trial of her husband's divorce action. The sweeping denial came at the end of a day interrupted by a three-hour recess in which Mrs. Stokes' chief counsel, Samuel Untermyer, and Supreme Court Justice Mahoney in which the court allowed the attorney only after threatening to declare the rehearing a mistrial.
Then it was announced that the trial would be interrupted again to take more depositions of witnesses in Buncion, Mo., and in Bethel, this too, was granted.
It was estimated that the couple's trip would take at least ten days, delaying the trial possibly until Wednesday of next week.
Mrs. Stokes' lawyer, however, when Mrs. Stokes will face cross-examination at the hands of Mr. Stokes, Untermyer, consenting, asked the commission also obtain a deposition in behalf of Mrs. Stokes in Bethel, this too, was granted.
It was estimated that the couple's trip would take at least ten days, delaying the trial possibly until Wednesday of next week.

MRS. STOKES BRAVE

The hearing will continue tomorrow, however, when Mrs. Stokes will face cross-examination at the hands of Mr. Stokes. Untermyer, consenting, asked the commission also obtain a deposition in behalf of Mrs. Stokes in Bethel, this too, was granted.
It was estimated that the couple's trip would take at least ten days, delaying the trial possibly until Wednesday of next week.

WRECK OF GOLD SHIP DESCRIBED

Captain of Ill-fated Vessel Arrives in Seattle

Schooner Grounds in Gale in Sight of Objective

Fortune Hunters Penniless Following Disaster

(BY A. P. NIGHT WIRE)
SEATTLE (Wash.) Nov. 1.—First details of the wreck September 27 of the sailing schooner Fred B. Wood near Nome, and the hardships suffered by the 100 members of the gold-hunting expedition headed by A. H. Moore of Los Angeles, were revealed today by Capt. Nicholas Burgeson, commander of the ill-fated vessel, who arrived here with his wife and two crew members. Chief Mate Carl Kleuske of Seattle and Seaman H. Anderson of San Francisco, on the steamship Victor, arrived here today.
The remainder of the party will reach Seattle on the steamship Buford from Victoria, B. C., Capt. Burgeson stated.

WAS GAY PARTY

"Moore was formerly an expressionist at Nome, Alaska," declared Capt. Burgeson, revealing the story of the expedition. "He went to San Diego and Los Angeles, where he obtained members to go on the gold hunt."

SIGHT GOLD FIELD

"On September 27 we were anchored less than two miles from the beach and out party got their first glimpse of the gold tundra. Then, suddenly an Equatorial gale began blowing, increasing to thirty miles an hour in velocity. The ship, her anchor chains dragging like straws, was blown ashore like a chip upon the waves. Fortunately, the ship's bottom became fast imbedded in the sands, which held her erect."

CORNER-STONE LAID BY MASONS

(Continued from First Page)

Using the same relic, which then was put away to be guarded until about five years hence, the laying place is ready in the shrine that was consecrated today.

TRIBUTE TO ORIGINATOR

Mr. Callahan presided over the ceremony at the request of James H. Price, Grand Master of Virginia, in recognition of his service for the advancement of Masonry in the United States and because the erection of the memorial was his suggestion. He was attended by the full Grand Lodge, two grand masters bearing the Holy Bible and three others carrying the lesser lights of Masonry.

WILL BE LANDMARK

From its commanding position overlooking the Potomac Valley from Washington to Mount Vernon the memorial will be a landmark. It will have a setting of thirty-two acres and be surrounded by artistic landscapes. Broad walks and stone steps ascending through seven terraces will lead to its entrance. The building itself will be 220 feet deep, 150 feet wide and tower upwards 200 feet. The main masses of the building will comprise a base in which will be located the great Washington Memorial Hall, and various Masonic rooms where may be perpetuated in imperishable form the memory and achievements of the men whose distinguished services to Freemasonry merit particular and lasting reward. The Memorial Hall will be an imposing atrium, seventy feet wide and 160 feet deep. In it a statue of Washington will be placed. This hall will be sixty-four feet high, rising by a clerestory above the surrounding portion of the building. It will be flanked by great Ionic columns forty feet high and surrounded by a narrow base devoted to Masonic interests above the roof of which will be clerestory lights.

PORTRAIT TO BE DONOR

A six-column portico of pure Greek Doric design forming the entrance to the building will be a marked contrast to the plain, unadorned walls of the exterior of the Masonic rooms. Above the massive base will rise a tower-like structure of smaller dimensions. Directly above the Memorial Hall the second story of the tower will form a museum room for the preservation of relics of George Washington and his time, as well as interesting relics connected with Washington's service as Master of the Alexandria-Washington Lodge. There will be a third level of slightly smaller dimensions above the museum room and above that an observation level with structure a little smaller in size from which visitors will be able to view the country from the capitol building at Washington to the Washington homestead at Mount Vernon. Stately colonnades on all four sides of each of these three levels, forming the tower-like structure will add to the beauty of the memorial. The architects are Melville A. Corbitt, New York, with S. Eugene Osmond, Grand Rapids, Mich., as consulting architect. Olin Miller, Brookline, Mass., are the landscape architects with Carl Rust Parker in association.

NAVAL RESERVE LEASE FLAYED

Geologist Calls Transfer of Rights Unjustified

Senate Committee Obtains Data on Land Deal

Expert States Oil Should Have Been Retained

(BY A. P. NIGHT WIRE)
WASHINGTON, Nov. 1.—The leasing of Teapot Dome naval oil reserve to the Harry F. Sinclair interests was unjustifiable if based on the danger of loss of oil by drainage through wells on adjoining property, W. C. Mendall, chief geologist of the geological survey told the Senate committee investigating the lease.

CENTER FOR MASONS

The memorial is to be the center of a rallying point for Masons of the United States and of other countries in addition to being the repository for the many valuable relics of George Washington which have been preserved by the Alexandria-Washington Lodge. One of the most prized possessions of the lodge is the famous Williams portrait of George Washington in Masonic regalia. Another is the rock which was in Washington's bed chamber on the night of his death.

OFFSET WELLS AID

Clapp said that wells located upon the Salt Creek area adjoining the reserve would have drained from it 1,400,000 barrels of oil if not prevented by offset wells on the Salt Creek field. Operations along the border even though offset wells were not drilled, would have resulted, he said, in so reducing gas pressure upon the reserve as to decrease by 3,000,000 barrels the amount of oil recoverable. A "fault" across the reserve, he asserted, as a complete barrier to protect the oil south of it from all operation effects to the north.

LEASE ROYALTY HUGE

Senators Walter, Montana, and Jones, New Mexico, Democrats, insisted that upon the estimate of oil recoverable given by Clapp, the government would receive under terms of the Sinclair lease as royalty 2,000,000 barrels of oil. It was proposed, the senators said, to use two-thirds of that for defraying the cost of erecting storage tanks, leaving less than 2,000,000 barrels from the reserve to be placed in storage for the Navy.

ARREST MAN WANTED ON FEDERAL CHARGE

(BY A. P. NIGHT WIRE)
WILLOW, Nov. 1.—A man known as F. Miller, but who is said to be T. Baker, was arrested on a ranch near here today at the request of the government authorities at Fort Worth, Tex. He is said to have escaped from a United States Marshal last June by jumping through the window of a train. Baker is said to be wanted on a charge of using the mails to defraud, and to have served two terms at Leavenworth Penitentiary. He admitted he was the man sought. A letter written by Baker to a prisoner at Leavenworth led to his capture.

Building Started Yesterday!

Yesterday the great
steam shovel began
eating into the dirt on
the site of the Gray-
stone—individually
owned apartments, on
Sycamore Avenue in
Hollywood. The con-
tract calls for com-
pletion in ten months.
Two-thirds of all avail-
able apartments are
sold—you've got to
hurry if you want an
ideal home in the
Graystone.

The GRAYSTONE is GOING UP!

A dream comes true! In a few short months the magnificent
Graystone Apartments will be completed, bringing to owners
in this project the finest apartment homes ever conceived. Have
you investigated this great opportunity? It represents the last
word in "own your own" apartments.

Own Your Own Apartment in The GRAYSTONE— Hollywood's Finest Building

When you buy a Graystone individually owned apartment you
are sharing all the conveniences and the comfort and the
prestige of a mansion or a modern hotel at the cost of a
single bungalow.

You are sharing a project that is completely and successfully
financed—you are sharing everything from the land up.

The Graystone is now being constructed in Hollywood's finest
residential district—the cream location of the entire com-
munity—surrounded by homes of the highest type.

The Graystone living rooms are very large—larger than you
have ever been offered before—the unique plan gives every room
an outside exposure. Everything that goes into the Graystone
will be of the very finest quality—a class A structure, planned
throughout by Currier & Ikelman.

Since we announced a definite building date for the Gray-
stone sales are being made very rapidly. A change in the
plans enables us to again offer apartments at \$5000 up—but
there are only a few at the low price—they'll all be gone in
a day or two—you will have to hurry.

Graystone Apartment Co.

Office on the property—at
1725-27 Sycamore Avenue—just
north of Hollywood Boulevard.

See the World With Carpenter

Every week, the popular travel writer, Frank G. Carpenter, con-
tributes a fact-telling article to the SUNDAY TIMES Illus-
trated Magazine.

FREDERICKS MAY GET HOUSE PRIZE

Congressman is Boosted for
Appropriations Post

Swing Steps Down and Out
as Vital Factor

City Needs Lineberger on
Harbor Committee

BY ROBERT B. ARMSTRONG

(EXCLUSIVE DISPATCH)

WASHINGTON, Nov. 1.—Los An-
geles' newest Congressman—Capt.
John D. Fredericks, will probably
lead the greatest prize in the or-
ganization of the House—a place
on the Committee on Appropria-
tions, indications are more definite
than ever before that Congressman
Curry and other members of the
delegation will concentrate in fa-
vor of this important assignment
going to the new man from Los
Angeles. If it does not go to Capt.
Fredericks it will in all probability
go to some other State. It is re-
garded as one of the greatest op-
portunities ever given a new mem-
ber and will enable Capt. Freder-
icks to advance more rapidly in
the service of his country than any
other possible assignment that
could be made.

Other California assignments on
committees are not so certain. Con-
gressman Swing, who made such
a failure as a member of the com-
mittee on Naval Affairs, is striving
to make the Committee on Ways
and Means. Actually, however, he
has little real interest in Con-
gressional matters now for he is ob-
sessed with the great prize of be-
coming a member of the State Su-
preme Court of California.

NEED HARBOR POST

While his change to the Ways
and Means Committee now seems
remote, if he should go on this
committee it would probably re-
sult in the place on the Naval
Affairs Committee going to some
other West-Coast State. This would
eliminate from the race Congress-
man McLaughlin and Congressman
McLaughlin, both of whom would
like to be on the naval commit-
tee.

Congressman Lineberger now has
an important post on the Rivers
and Harbors Committee and if the
fight to extend the Los Angeles
breakwater and enlarge the har-
bor to one of the greatest harbors
in the world is to be won the re-
sult of this assignment by the
Long Beach Congressman is of the
greatest possible importance.

Shipping men all over the coun-
try who know the growth of the
Los Angeles Harbor and the im-
portance of the breakwater, the
extension of the harbor and the
development of the harbor are ex-
pectant that that much delay may
be encountered in the fight to
extend the harbor.

TO READ COMMITTEE

With the proposed enlargement
of the harbor and the outer har-
bor project, all the sea experts
declare there would be practically
no limit to the capacity and im-
portance of the Los Angeles Har-
bor and it will make Los Angeles
for all time the metropolis of the
Pacific Coast line of the Pacific
properly developed and extended.
Congressman Barbour of Fresno
seems certain of becoming head
of the Census Committee which
will have charge of the new cen-
sus and the reapportionment of the
Congressional seats which should
come to a vote early in the next
session of Congress. Death and failure
to return to Congress have cleared
away all the other members ahead
of him and in the ordinary reor-
ganization of the House he seems
sure to head the committee.

STATE TREASURY

FACING DILEMMA

FUNDS ON HAND EXPECTED
TO BE DEPLETED THIS
MORNING

(BY A. P. NIGHT WIRE)

SACRAMENTO, Nov. 1.—For
the first time in more than eight-
een years the State treasury will
be unable to pay warrants drawn
against the general fund, begin-
ning tomorrow morning, unless
something is done today to re-
plenish this depleted fund.

As soon as the outstanding war-
rants against what little remains
in the fund have been paid, State
Treasurer Charles G. Johnson to-
day declared that those holding
warrants against the general fund
either will have to register their
warrants until there is money to
meet their demands.

State Controller Ray L. Riley
says that the \$30,000 remaining in
the fund is obligated by warrants
drawn in the past few days and
that by tomorrow morning the
fund will be depleted.

Treasurer Johnson says if money
is not transferred from other
funds in the treasury to the gen-
eral fund before the 8th inst. that
the fund will be made solvent
again through the sale of \$4,000-
000 worth of State highway bonds.

The present financial dilemma
would not have arisen, says John-
son, if the State Highway Fi-
nance Board had done as he recom-
mended and fixed the interest
rate of the \$2,000,000 of 4-1-4 per
cent bonds, purchased by the
Board, at 4 1/2 per cent.

Johnson believes that the Board
of Control will be able to sell on
the 8th inst. the \$2,000,000 worth
of 4-1-4 per cent bonds as well as
a new issue of \$2,000,000 of 4-1-4
per cent bonds. However, Controller
Riley contends that if 4-1-4 per
cent bonds will sell on the 8th inst.
it will be poor business to sell
4-1-4 per cent bonds.

COMMUNIST UPRISE

TRACED TO MOSCOW

(BY CABLE AND ASSOCIATED PRESS)

SOFTIA, Nov. 1.—The Bulgarian
government says that after an
exhaustive study of evidence in
their possession, they have estab-
lished clearly the fact that the
recent Communist uprising in Bul-
garia was both ordered and di-
rected by officers of the Third In-
ternationale in Moscow. This evi-
dence will be used by the govern-
ment to prevent the Communists from
being the Bulgarian Communist par-
ty in the same manner than the
Serbian Communists were out-
lawed over a year ago. The first
result of this action will be to
prevent the Communists from vot-
ing in the elections on the 15th
inst.

GERMANY IS STILL STRONG

Notion of Utter Disruption; Gained from Toboggan of
Mark, Declared Fallacy

BY GRAFTON WILCOX

(EXCLUSIVE DISPATCH)

WASHINGTON, Nov. 1.—Despite the fall in the value of the mark
to almost nil, Germany as a whole is still a powerful country in busi-
ness, agriculture and trade according to a review of economic conditions
in Europe by Basil Miles of the International Chamber of Commerce,
made public by the United States Chamber of Commerce here today.

Passive resistance, Mr. Miles
says, would seem to have caused
the death of the German mark,
whose foreign exchange value "has
now fallen to figures composed al-
most wholly of zeros." The ef-
fect on business in some cases
resulting in almost complete pa-
ralysis, he added.

LIFE IS UNCERTAIN

"The uncertainty of business life
has been multiplied by many times
the danger of the mark," he said.
Unemployment is increasing rapid-
ly, the figures for the last inst., ac-
cording to an official statement
being \$300,000. Political conditions
are as yet in such a state of flux
that they press more heavily than
ever on business.

Germany as a whole, the report
declares, is nevertheless still a
powerful country in business, agri-
culture and trade. Purchases by
the United States in the last six
months of 1923, he points out, ag-
gregated more than \$12,000,000,
or 180 times the amount of cur-
rency in circulation in Germany on
September 15.

INDUSTRY AT PEAK

"The industrial plant of Ger-
many," said Mr. Miles, "is better
than it was before the war; in-
stead, the danger may be that it is
overdeveloped. The crops this year
are generally good, in some in-
stances being the best for fifteen
years or more. The transportation
and communication system is in
still in tolerable condition and
it is said that the farmer is gen-
erally prosperous.

The occupation of the Ruhr as
a punitive measure, if it results
in a breakdown in co-operation be-
tween the French and the German
industrial groups for renewed pro-
duction, would seem highly prob-
able, will have definitely ad-
vanced the ultimate reparations
settlement.

"The rest of Europe awaits the
result. Good crops and a gradual
reconstruction of the courses of
trade, supplemented by new trade
relations, promise well for the fu-
ture when a reparations settlement
is reached."

McCLATCHY TAKES CHARGE

(BY A. P. NIGHT WIRE)

SANTA BARBARA, Nov. 1.—
J. V. McClatchy, for many years
associated with the Sacramento
Bee and later business manager of
the Fresno Bee, today became
business manager of the Daily
News of this city. Mr. McClatchy
is the son of V. S. McClatchy, for-
merly one of the owners of the
Sacramento Bee.

Snowfall in Great Lakes
Region; General Rise in
Temperature Promised

(EXCLUSIVE DISPATCH)

CHICAGO, Nov. 1.—Weather
men throughout the western, mid-
dle western and eastern sections of
the country today predicted the
mercury, which during the last
couple of days has been hovering
around the freezing point, is due
to rise. However, Old Bel, accord-
ing to the prognostications, will re-
main obscured by clouds in most
all sections.

Temperatures throughout the
eastern half of the country and the
extreme South, as well as lo-
cally and in the Rocky Mountain
region, were below the normal this
morning, with a minimum last
night of a deg. below zero at
Denver, Wyo.

A disturbance in the far South-
west has caused general precipita-
tion in that section, reaching east-
ward over Texas and Southern Kan-
sas. Snow has fallen from the Great
Lakes region eastward to the At-
lantic, with four inches on the
ground this morning at Owego,
N. Y.

STEADY RAINS FALL
IN CENTRAL ARIZONA

(EXCLUSIVE DISPATCH)

PHOENIX, Nov. 1.—A steady
rain, declared unexpected by the
Weather Bureau, has been falling
throughout Central Arizona for
most of the time since last even-
ing, with probability of continu-
ance, with snow expected in the
north. Precipitation has been
heaviest in the Salt River wa-
tershed, above the Roosevelt Dam.

WILLIE HOPPE DEFEATS HOREMANS IN SPECTACULAR BILLIARD MATCH

CONTI LOSES TO SCHAEFER

Freeman Outplayed by Veteran, 500 to 342

Horemans Runs Up Record

String of 241

But Champ Finishes Strong

and Wins Match

NEW YORK, Nov. 1.—Jacob Conty defeated Roger Conty of the same name in the 11th round of the 11th annual billiard championship tournament, which was held at the Waldorf-Astoria hotel. Conty won the match 500 to 342. Horemans, who was the defending champion, was defeated by Willie Hoppe in a spectacular match. Hoppe won the match 500 to 342. Horemans runs up a record string of 241. But the champion finishes strong and wins the match.

Alonso Trims Howdy Kinsey in Tournament

MEXICO CITY, Nov. 1.—Miguel Alonso, favorite son of Mexico, became a possible candidate for president of Mexico today when he defeated Howdy Kinsey of San Francisco 6-1, 6-4, 6-4 in the round of 16 in the 11th annual billiard championship tournament. Alonso played like a demon on the fast clay courts and had his recent conqueror in the California State tournament completely at his mercy. In another match in the same round the Kinsey family fared better with Brother Ben defeating Peck Griffin of San Francisco 6-3, 6-4, 6-3. There were two exhibition doubles matches in one of which Hardy and Bowie Derick defeated Del Canto and Barron, Mexico City players. In the other exhibition Vincent Richards and Derrick played Brian, I. C. Norton and Peck Griffin, Richards and Derrick taking the first set 6-4, and losing the second set 6-3 while the match finally has to be called on account of darkness with the third set at 10-11. Mexico City tennis fans have taken to the game with an enthusiasm that is startling, and tremendous crowds have appeared at all the matches. The crowd gets more excited over sharp rallies at the net than they do at a ball fight. Finals will be played Sunday.

CAN ZEV WIN RICH STAKE?

Cincinnati Fans in Debate Over Colt's Chances

High-Class Field to Face Barrier Tomorrow

My Own Fit and Ready for Great Turf Event.

BY FRENCH LANE
LATONIA (Ky.) Oct. 1.—Can they beat Zev in Saturday's 150,000 Latonia championship stake? That question is causing many street-corner debates and much barbershop oratory everywhere in the Blue Grass region tonight. My Own, in Memoriam and Ryalto, the only hurdles in Zev's march to an undisputed 1-year-old championship of two continents, are quartered in palatial barns in the beautiful little Latonia Valley neighborhood tonight. Zev, the conqueror of the English champion Paypruss, and winner of nearly \$150,000 for the Rancocas stables this season, is speeding westward from New York in a private car and will be on the ground at Latonia before noon tomorrow. But as far as Kentucky is concerned, Zev can fall in most any kind of a defeat Saturday and not cause any great grief here. LOVEN CHAMP Kentucky loves a champion, but not particularly Zev, whose title has been disputed by My Own for many weeks. But despite these likes and dislikes and the shouts of Kentucky Democrats for Admiral Graydon's "My Own," Zev will go to the post Saturday with enough support to make him an odds-on favorite. A noisy reception awaits Zev when he arrives tomorrow morning. Few horsemens have ever to come to Latonia with a more royal welcome and with thousands of visitors pouring in to Cincinnati and the near-by Kentucky towns tonight, there is every indication that the Kentucky Jockey Club has captured one of the prize events of the year in America, in Saturday's race. EASY WORKOUT An easy workout was all My Own was asked to do today. In company with his stable mate, Scotch Broom, he galloped a turn of the mile track. His general good looks and long easy stride were impressive. He pulled up after the exercise, scarcely breathing hard and performed his work without a trace of stiffness or soreness. My Own is ready and there will be no excuse to offer if he is beaten. CINCINNATI (O.) Nov. 1.—Rivalry of the fine-looking son of Chickie-Mattie, arrived at Latonia track today and was said to be in the best possible condition for the running of the 150,000 Latonia championship stake Saturday. James Rowe, Jr., who brought Ryalto from the East, said Jockey Frank Colletti will come to Latonia to ride his horse. Ryalto will have the mount on Zev, while Mack Garner will be astride in Memoriam. No definite announcement has been made as to who will ride My Own, but it probably will be Jack C. Kummer. ST. AGNES HIGH IS WINNER AT BEACH St. Agnes High School football team was victorious over the eleven from St. Anthony's High School in Long Beach by a score of 20-0 when the two squads tangled yesterday on the beach boys' field. Great credit is due the Long Beach eleven for holding the St. Agnes squad to a comparatively low score. The work of Goldie and McGraw in the backfield for the home team was particularly impressive, was particularly effective in the backfield. Theriault played a wonderful defensive game at right guard for St. Anthony's. St. Agnes received the kick-off and marched relentlessly down the field in the first quarter to a touchdown, using the line-bucking of Ward and Bellefontaine. Quarterback Tappeler carried the ball over for the first score. Gerach scored in the second quarter when he brought down a forward pass on the goal line. In the final period Tappeler crowded up the field on a split back and wended his way over left tackle for the final count. In a preliminary contest between 110-pound teams from the two schools, St. Agnes was victor by the count of 12-6, thanks greatly to the work of Herbert at fullback. O'BRIEN-JONES DRAW At the Pasadena Armory boxing bouts last night, Willie O'Brien and Jackie Jones fought a draw in a feature event. In the semi-wind-up Frankie Layman drew a decision over Bobby Herman. Young Lancha beat Young Brown, Nick Allen won by a foul over Dick Peterson in the first round. Louis Jordan was awarded this verdict over Sargeant Charrel and Ernie Ritchie won over Dick Long. Attendance good and bouts thrilling. LONG BEACH WINS The Whittier High 110-pound gridders suffered a defeat at the hands and toes of Long Beach 110-pounders yesterday afternoon by a score of 27 to 7. The game was played at Whittier.

Three Hundred and Sixty Pounds of Oxy Tigers. The business-like looks of Jack Stevens and Aart Garey, shown above, bodes ill for the Whittier Quakers, who are slated to meet Occidental tomorrow. Stevens and Garey hold down the tackle berths on the Oxy machine, and do it well. They weigh 180 pounds net, and are fast men.

COLIMA'S TITLE IS AT STAKE

Coast Middleweight Crown Up in Legion Stadium as Bert Faces Foley

Fans who trek out to the Hollywood American Legion stadium tonight will be treated to one of the best fights ever offered at the stadium. The fight will be between Colima, a 160-pounder, and Bert Foley, a 150-pounder. Colima is a former champion of the Pacific Coast title in the main event, and it is probable that he will win. New York featherweight one of the parties in the other feature is, the stadium is sure to bulge with spectators. Colima is in excellent shape for tonight's bout and should put up one of the best scraps of his career against Marty Foley. Tacoma 160-pounder, who has been a contender for the Whittier middleweight's crown. Foley comes to this city with a very impressive record, having boxed all of the good boys of his weight in the Northwest, and may take the call over to Hollywood. At all odds the scrap is sure to be full of action from start to finish. Frankie Brown, hailing from the East has boxed all of the headlines in his division. Tonight's start will mark his first in a local ring. Matchmaker Tom Kennedy has chosen Dandy Dillon, well-known here, as the boy to oppose the newcomer tonight. Ashton Donna and Alec MacDonald, both local boys, get together in the special event, and promise to unfurl a battle that will rival the main event. They are aggressive and willing to mix and their bout should radiate action from going to song in every round. Alex Maurice and Johnny Spar, middleweights get together in the feature preliminary. Leo Matlock tackles Micky Rockson at 148 pounds, and Pico Ramies swaps punches with Babe Colima at 150 pounds. Tom Kennedy promises a fast curtain-raiser. George Blake will referee, and Dan Tobey, jovial announcer will be on hand. MEUSEL BROTHERS ENTERTAIN FRIENDS Bob and "Irish" Meusel will entertain their admirers Tuesday night at the Winter Garden. These two stars of the diamond have donated a beautiful silver cup known as the "Meusel Brothers Trophy." Tonight's start will be presented to the winners of the dance contest. Manager Howard Patrick has had each of the boys autograph a baseball which they also will award. Mary stars of the diamond wintering in Los Angeles are planning to attend Tuesday evening's festivities to greet the Meusel boys in a new role.

JEFFERSON MEETS POLY

Manual and Lincoln Hook Up at Bovard Field With Franklin at Hollywood

When this afternoon's City League football games are over the 1923 prep season will be half completed and fans will have a pretty good line on the most likely champions for the year. Three weeks of action have been completed and the following are the standings: CITY LEAGUE STANDINGS

Team	W.	L.	P.C.
Los Angeles	2	0	1.000
Manual Arts	1	0	1.000
Polytechnic	1	0	1.000
Hollywood	1	1	.500
Franklin	1	1	.500
Jefferson	0	2	.000

TODAY'S MENU Jefferson-Poly at Washington Park. Manual-Lincoln at Bovard Field. Franklin-Hollywood at Hollywood.

play remain after today's contests. Although the Poly-Jefferson battle at Washington Park will undoubtedly be the closest and best of the afternoon's entertainment, it is expected that a majority of fans will flock to Bovard Field to see Sid Foster's Manual Arts aggregation battle the Lincoln gridders. The Raiders probably stand as good a chance as any of the prep teams of trifling the Toller for Malette has a hard-fighting collection of footballers. The speedy Artisan backfield and the equally effective line is counted on for at least a three-touchdown win, however. Poly and Jefferson should put up a great scrap. Foyle, Brown and lads rather surprised the public last week by thumping the league-leading Lincoln Club. It was a rather rough machine that put the Indians sign on the outfit should be functioning much more smoothly. They should win, but by a narrow squeak. Hollywood will probably take the measure of Franklin by the margin of a couple of touchdowns. Franklin lost too many men last June to have anything like a strong outfit this season, and the Kit-flyers have been unable to get started.

MEUSELS IN BALL GAME

After a lull of almost a month, baseball is to burst out at Washington Park tomorrow afternoon with rare effluence. Fans who have been waiting to see the Meusel boys of world series fame will get their big times under favorable conditions and on a regular, honest-to-goodness league field, are to have their opportunity. For a game has been arranged between Billy McCabe's barnstorming Angels and the Glendale club, which numbers Bob and Irish Meusel among its members. The grounds at Washington Park have been given over to football since the close of the Coast League season, but it has been dedicated tomorrow to baseball in view of the many who have expressed a desire to see the Meusels do their stuff. Billy McCabe yesterday reached an agreement with Oscar Reichow, Boots Weber and Howard Lorenz by which the two clubs can use the field for the afternoon. Comprising the Glendale line-up are such players as Statz, Sand, the Meusels, Mike Donlin, Herman, O'Brien, Thurston and Ehnke. McCabe has for the most part the regular Angel line-up with the addition of Johnny (Doc) Lavan from the majors. His fingers are Hughes, Crandall and Jones with Byler doing the receiving. ALL-STARS TO CLASH WITH WHITE SOX Fred Harlow's All-Stars will clash with the L. A. White Sox (colored) team tomorrow and Sunday afternoon at the White Sox grounds. The All-Stars team is composed of a number of major and minor-league players, all of whom are in fine playing form. The White Sox have lately been strengthened by some Middle West talent that arrived lately and can now put a formidable nine in the field. Percy Jones and Sids Sutherland will have for the All-Stars and, as both twirlers are in excellent shape, they can reasonably be batted for to hold the colored sluggers in check. The game will begin at 2:30 o'clock sharp.

TIGERS INVADE POET VILLAGE

Occidental Varsity Meets Whittier Saturday

Game Has Important Bearing on Conference Title

Johns and Suggett Expected to Star for Quakers

BY BILL HENRY
The Occidental College football team, wearing a choice collection of securities of the recent encounter with the Stanford team, will invade the quaint city of Whittier tomorrow, hopeful of demonstrating an ability to knock the conference-leading Whittier Quakers off their perch. Occidental looked like a whirlwind until they struck Stanford, but an epidemic of fumbling that cost the Tigers four touchdowns in the first half—thoroughly upset what hopes the Tigers had of doing anything to the big Red team from Palo Alto. At that, they held the Stanford team to a 14-0 victory, touchdowns and are a lot better than they looked. LOOK GOOD Whittier has the best team the Quaker college has boasted since they won the conference title two years ago. Practically all the men who were on that championship team are on the job again, and in addition Whittier has picked up several large and meaty young freshmen, who have made the Quakers a mighty tough outfit to beat. Ray Johns, quarterback, is without question one of the smartest and most capable backfield men in the south. An unusually heady player, he is a demon tacker and interference runner and is an adept at intercepting forward passes. He has beaten both Caltech and Southern Branch practically single-handed by turning forward passes into Whittier touchdowns. Big Ed Suggett, one of the best backs in the south, hasn't played for three weeks and is in good shape for the Occidental game. He is certain to give the Quakers a real off-season surprise. Occidental has a team that will be slightly outwitted by Whittier in the line, but is tremendously fast. The men have been playing together better during the past two weeks and ought to have their offensive working in good style tomorrow. It is rumored that the Tigers have completely given up the forward-passing game in favor of running plays, but this is not given any serious credence outside of Eagle Rock.

WOMAN SEEKS PSYCHIC PRIZE

After Financial Offer Made by Magazine

Aspirant Produces Figures From Cabinet

Friends Say She Has Never Been Exposed

(SPECIAL DISPATCH)
NEW YORK, Nov. 1.—Mrs. Elizabeth Allen Thomson, 41, who for the last thirty years has been producing "white figures" out of a "cabinet" constructed with her own hands, was detected in fraud, arrested in New York yesterday to appear next Wednesday evening before the investigating committee of the Scientific American, which is offering \$25,000 for the genuine production of objective psychic phenomena.
Mrs. Thomson was accompanied by her husband, Dr. Thomson, and her 16-year-old daughter. She is residing "somewhere in London," it being explained that if her precise whereabouts were revealed she might be subjected to "hostile influences" which would damage the prospect of a successful career next Wednesday.
The third aspirant to psychic honors came to the attention of the Scientific American through Mrs. E. Comerford of Chicago, who is an institutional visitor for the State of Illinois and who incidentally is the training of mental unfortunates. Mrs. Comerford traveled with Mrs. Thomson from Chicago today and while here will act, according to her own words, as her "interpreter, guide and friend."
Mrs. Thomson, said Mrs. Comerford today, who maintained that the address of Mrs. Thomson must be kept secret, but added that she was competent to speak on her behalf, "claiming to be able to produce genuine 'objective' psychic phenomena" such as figures chad in every white garment which comes from a cabinet. The figures come out after another and another at one session she will produce as many as forty.
"To my knowledge in thirty-five years of psychic effort she has never been exposed, though she has been subjected to the most rigorous tests and examination. No one has ever been able to explain these spirit figures appear, they just emerge, as it were."

GUARDIAN FOR WOMAN DRIVER

NEW YORK, Nov. 1.—Mrs. Helen B. Shaw of 15 West Fifty-third street, who spends her summers in Southampton, L. I., was committed to thirty days in jail and fined \$100 by Justice of the Peace Marchant in Patchogue for reckless driving. The jail sentence was suspended and she was placed on probation for a year under the "guardianship" of Charles J. "Doc" Conroy, probation officer, whose usual duties are to look after delinquent school children. Justice Marchant, in suspending sentence, remarked: "This woman needs a guardian."
Mrs. Shaw, said to be wealthy, has had four warrants issued for her arrest in the last five weeks, three for reckless driving and one for disorderly conduct, but until yesterday had disregarded all summonses to appear in court. She has been notified that a reckless driving charge will be heard in court November 3 and a disorderly conduct charge in Patchogue. In the disorderly conduct case she is accused of having called Constable Fred Brown a "silly ass" when he attempted to arrest her for reckless driving on September 18. She must appear before Justice of the Peace Marchant in Patchogue to answer to a reckless driving charge whenever the warrant is served.
Patchogue police, deputies and constables who have been censuring their work upon the young woman and her dashing limousine since September 3 say arresting her has been difficult, but getting her to court has been more difficult. They say they searched houses and other premises for her several times and once found her hiding in the back seat of her car in the garage at the Southampton house.

FAVORS DEFENDANT

(SPECIAL DISPATCH)
PHILADELPHIA, Nov. 1.—A jury verdict for the defendant was rendered in a suit in which Walter Reed, a prominent produce dealer, sought \$15,000 damages from Fred Reed on the basis of an alleged personal attack.

EVERY KID'S EDUCATOR

(SPECIAL DISPATCH)
CHICAGO, (AP) Nov. 1.—Death came to W. D. Blaud, superintendent of the Globe public schools, when he was taken up by pneumonia while on duty at the school. Blaud had suffered from an attack of typhoid fever.

CIGARETTE BRINGS FINE FOR GIRL

Others in New York Court Fined for Smoking on Ferryboat

NEW YORK, Nov. 1.—Women may assert their rights to smoke cigarettes at home and in some public places, but they can't smoke them on Staten Island ferries. Magistrate Cobb, sitting in the Tombs Court, when he imposed a fine of \$5 on Irene O'Sullivan, 22, of age of West One hundred and sixteenth street. She was caught smoking a cigarette on one of the ferries Saturday. O'Sullivan Adams, 24, was fined \$10 when detectives found the Magistrate they saw her light Miss O'Sullivan's cigarette, then light his own and throw the burning match out of an automobile. The gasoline-soaked run-ners. Twenty other persons were summoned for this same offense. The fines ranged from \$5 to \$10.

An exposé of automobile costs

Do you really know what it costs to drive your car?
Did you save money when you bought a "cheaper" car—or did you make the mistake of your life?
Are you one of the thousands who think—"I can't afford a good car?"
Here's fascinating news for you. Sensational news! It will astound everyone who owns or wants an automobile.
For the first time in history an actual cost analysis of operating expenses of automobiles—from the cheapest to the Studebaker Light Six selling at \$1210—is made public. (Details of analysis will be found on this page.)
"Of course," you'll say, "the higher priced cars cost more to operate. They need more gas and oil—they're harder on tires."
That's a common mistake. And that's why, for years, people have been buying low priced cars. Hoping to economize!
But this analysis reveals some startling facts. The cost figures of large fleet owners, minutely kept to show every single expense item, absolutely prove that it costs less to operate a Studebaker Light Six—selling at \$1210—than to run the average lower priced car which sells at from \$700 to \$1200!
The saving made by Studebaker economy amounts to \$207.50 for 25,000 miles!
In other words—if you bought one of these cars averaging \$1004 in price, instead of a Studebaker at \$1210, you lost money! Repairs and maintenance ate up the difference in price before you traveled 25,000 miles.
You could have driven a Studebaker that same distance—and saved \$207.50!
So you see that "selling price" is a poor way to buy your car.
But there's still another angle. Thousands of you who read this announcement have bought automobiles selling under \$700. There are three or four such makes—and the average cost is \$559.

You thought you saved \$651 when you bought this cheap car, instead of paying \$1210 for a Studebaker.
But—what did you actually save—when you figure up operating costs? Your expenses for maintenance and greater repair bills eat up that \$651.00 of saving. So, comparing purchase price and operating costs of the Studebaker Light Six and the low price cars at the end of 25,000 miles, we discover that owners of cheap cars saved just 4-100 of a cent per mile.
Only ten dollars!
Was it worth while?
Many who drive low price cars feel a social inferiority. Does it embarrass you to show your car? Are you proud to name it?
Some motorists try to laugh this off. They refer to their "old car" or "the rattler." Deep in their hearts they long for a finer car—not realizing that they can afford one!
Now—do you realize what these figures mean to you?
They prove that you save money by driving a first-class Studebaker Light Six—instead of trying to content yourself with one of the second-class cars selling at from \$700 to \$1200. You'll save \$207.50 the first 25,000 miles!
These same figures prove that you can have all the comfort and satisfaction of six-cylinder performance for only \$10 more than you would pay to ride the same distance in the "cheap class" cars.
Isn't it worth ten dollars to be able to say proudly, "I drive a Studebaker Light Six—a regular car!"
After your first 25,000 miles in a Studebaker Light Six, you'll be \$207.50 ahead—compared with medium priced cars. Compared with low priced cars, you've spent only \$10.00 more. Wouldn't you give \$10 for the pleasure and pride of driving one of America's finest automobiles?
A Special Offer to Prospective Buyers
Learn the tremendous difference between four and six-cylinder operation. Feel the thrill that comes to those who drive a Studebaker. Telephone 874-361 and ask to have a Studebaker Light Six sent to your door so you can drive it yourself. Driving is believing!

\$500 Reward

Big Prizes for an Idea!
Help! Help! Wanted! We can't begin to tell—in one advertisement—the many angles of this startling automobile cost revelation. NEW NIGHT INFORMATION SERVICE

As a convenience to the large number of tourists and newcomers who are more or less unfamiliar with the city, The Times Information and Resort Bureau now maintains a "question-answering" service every night except Sunday to 11 p. m. Telephone: Metropolitan 0700.

A COZY APARTMENT IS READY FOR YOU!

—It would be an endless task to find it by walking the streets, but it's an easy matter through the help of TIMES want-ads. See today's classified advertising pages.

Proof of These Amazing Truths

The Studebaker Cost Analysis described on this page was made by the Baskerville Audit Co., certified public accountants of Los Angeles. Their report reads:

We have examined and analyzed the detailed operating statements of several large fleets of passenger automobiles. Records of 329 cars were examined.

The cars were classified in groups according to present selling prices as:

Class "A," Studebaker Light Sixes	\$1210.00
Class "B," Average Present Selling price	\$1004.00
Class "C," Average Present Selling Price	\$559.00

Comparisons herein were in all cases made between cars which:

- (a) had traveled in excess of 14,000 miles,
- (b) were being operated under similar conditions,
- (c) against which only the same elements of operating costs had been charged, and
- (d) against which depreciation allowances were made on the same basis.

Based on the above facts and conditions, we find that:

- (a) The cost of operation of the Class "A" group (Studebaker Light Sixes) exceeded that of the lowest priced group (Class "C") by only Four One-Hundredths of One Cent per mile.
- (b) The cost of operation of the Class "A" group (Studebaker Light Sixes) was 11.4% less than the cost of operating cars in the Class "B" group.
- (c) Studebaker Light Sixes delivered 50% more miles per month than cars of Class "B" and 81% more miles per month than cars of Class "C."

Looking Through The Lens At Bits Of Life.

ORANGE JUDGE FINES SPEEDER

Long Beach Man Goes at Rate of 60 Miles an Hour

Cites New Law's Joker in His Defense Plea

Court Counters and Says 3 Miles is the Limit

Local Correspondent: ORANGE, Nov. 1.—Despite the new vehicle law permitting drivers of pneumatic-tired vehicles to drive at any speed they wish, J. M. Deane, Long Beach, was assessed a fine when he appeared before County Judge G. W. Ingie, late yesterday, charged with speeding at 60 miles an hour on the Orange highway.

Attorney McFadden, Anaheim, appeared for the accused motorist, contending that his client was not traveling at the rate of forty miles an hour, which, under the new State law, he said, could be regarded as reckless driving, endangering life and property.

County Motor Officer L. J. Deane took the stand, stating he arrested Deane two nights ago when he overhauled him traveling about the rate of fifty-eight miles an hour. At times, the officer testified, the Long Beach man was nearly maintained throughout the trip at thirty-five miles an hour, but the maximum speed permitted on State highways under the law, he said, is only three miles an hour.

Deane, before a still penalty against the Long Beach man, holding him up as a sample of what motorists may expect in the future.

Deane, laboring under the impression that they cannot be assessed for speeding under the new act, will leave a thing or two when they appear in court, he said.

Judge Ingie quoted a section of the Road Act, governing the speed of travel, in which after stating the speed upon which a car may travel in crossing a bridge, it sets the speed limit at thirty-five miles an hour, on other conditions.

RECORD REALTY PRICE IS PAID AT PASADENA

By a "Times" Staff Correspondent: PASADENA, Nov. 1.—Announcement of the sale of ninety feet of property on Colorado street, east of N. E. Main, for G. A. Gormanton, Pasadena, was made today by Southern Realty Company, Pasadena, which sold the property for \$99,999 for a property in the block was sold to the estate of Gormanton, a frequent winter visitor to Pasadena, and has an outlet upon the main. No definite plans for development of the land have been announced.

DRY AGENT GUNS
FOR DRUGGISTS
Violation at Fresno Starts
Investigation
Records of Liquor Received
and Sold Must Tally

Question of Accountant's Pay
Again Revived

FRESNO, Nov. 1.—Federal Pro-
secutor Agent Nicely has opened
an investigation into the
campaign against druggists,
when prescription records do not
tally with the amount of
whiskey for sale and sold by
druggists.

According to Nicely, the drive,
which will result in arrest of druggists
whose records are found
to be incorrect, was prompted by the
discovery that a Fresno druggist
annexed thirty-three of high-
quality whiskey for his own use.
Nicely said that druggists who
do not keep accurate records
will be prosecuted.

LEGALITY QUESTIONED
FRESNO, Nov. 1.—Validity of
the payment of the salary of W.
H. Nicely, county auditor, is
being questioned by the
investigating county books
which the grand jury has been
examining. County Auditor W.
H. Nicely, who plans to ask the
Attorney General for an opinion
on the constitutionality of the
statute under which a superior
court judge appointed the suc-
cessor to Nicely.

TELEPHONE SERVICES
FRESNO, Nov. 1.—In a commu-
nication today to Commissioner
of Public Utilities, J. H. Nicely,
former licensee collector,
turning of the state's evidence
largely responsible for the
violation of former Commissioner
J. H. Nicely for falsification
of public records, Nicely said
he was not a party to the
violation of the law.

Wool Growers to Meet

FRESNO, Nov. 1.—A campaign
to secure the passage of the
California Wool Growers' bill
will be held at the California
State Capitol at 3:30 o'clock
this afternoon. J. H. Nicely,
former licensee collector, will
be present with W. P. Wing, secretary
of the association.

DAY DISTRICT BANK
REPORT SETS RECORD

As a "Time" Staff Correspondent
SANTA MONICA, Nov. 1.—Bank
clearings for October compiled by
the Bay District Clearinghouse are
reported as the largest for any
month of the year showing an in-
crease of more than \$400,000 over
the corresponding month of
the previous year. The clearing-
house reported that the clearing-
house for the month of October
was \$1,000,000 more than the
corresponding month of the
previous year.

ONTARIO CHILD HURT
BY FALLING METAL

(SPECIAL DISPATCH)
ONTARIO, Nov. 1.—A 10-year-old
boy, John Miller, of 1200 North
Main street, was injured today
when a piece of metal fell from
the roof of the building in which
he was playing. The boy was
injured in the head and arm.
The building is owned by the
Ontario Building Co.

METAL MARKETS

(SPECIAL DISPATCH)
CINCINNATI, Nov. 1.—Daily metal
markets were quiet today. The
price of copper was 13.10¢ per
pound. The price of zinc was
11.10¢ per pound. The price of
lead was 10.10¢ per pound. The
price of tin was 12.10¢ per
pound. The price of silver was
1.10¢ per ounce.

DATE OF GRAIN RATE
HEARINGS ANNOUNCED

(BY A. P. NIGHT WIRE)
WASHINGTON, Nov. 1.—In-
vestigation of the grain market
will be held at the U. S. De-
partment of Agriculture, Wash-
ington, D. C., on December 5.
The hearing will be held at 10
o'clock. The hearing will be
open to the public.

DEATH PENALTY ORDERED

(BY A. P. NIGHT WIRE)
MOSCOW, Nov. 1.—Sergeant
Mikhailov was sentenced to
death today for the murder of
a Russian officer. The sentence
was pronounced by a military
tribunal. The sentence was
pronounced by a military
tribunal.

TOLD SHE DIDN'T NEED MONEY
Husband Divorced After Separation

SARAH SCHWEITZER
The twenty-eight fire districts in
Los Angeles county denied fire
protection through a recent ruling
of the State Supreme Court, to
the effect that a tax might not be levied
in such districts until one year after
their organization, may be pro-
vided with the desired protection
at an early date, according to an
opinion submitted through county
Counsel Bishop to the Board of
Supervisors yesterday. The opinion
was written by Assistant County
Counsel O'Connor.

While the Legislature has not
in fact, because the fire districts
are, however, the district board
of supervisors, as such, the right to
levy a tax for fire protection, the
opinion of the State Supreme Court
implies that no fire district can
levy a tax for fire protection until
it has been organized for one year.

The two were married in Febru-
ary 5, 1921, and separated on
March 13, 1922, when Julius left
her and went to Hartford, Conn.
Judge Clark granted the divorce
on the ground that she made
her go to work two months after
they were married, in spite of the

fact that he did very little work
himself.

"I was afraid to go outdoors,"
she said, "because he always raised
such a rumpus about it when I
came in."

She also stated that he made
her go to work two months after
they were married, in spite of the
fact that he did very little work
himself.

FIRE EDICT
LOOPHOLE
IS FOUND
Districts Denied Aid in
Ruling May Get Needed
Protection

The twenty-eight fire districts in
Los Angeles county denied fire
protection through a recent ruling
of the State Supreme Court, to
the effect that a tax might not be levied
in such districts until one year after
their organization, may be pro-
vided with the desired protection
at an early date, according to an
opinion submitted through county
Counsel Bishop to the Board of
Supervisors yesterday. The opinion
was written by Assistant County
Counsel O'Connor.

FOX TO BUILD HUGE NEW STUDIO IN LOS ANGELES

Project Near Speedway Will Cost \$5,000,000; \$27,000,000 Expansion Announced

Plans for the erection of a new motion-picture studio in Los Angeles at a cost of \$5,000,000 were announced yesterday by William Fox of the William Fox Pictures Corporation to be a part of a \$27,000,000 program of the organization for the coming year.

Mr. Fox's statement, issued in New York, indicated that \$25,000,000 would be expended on production, the major portion of which would be done in Los Angeles, \$5,000,000 on the construction of the new studio with 440 acres of grounds, west of the Los Angeles speedway in Fox Hills, and \$2,000,000 on the purchase of screen vehicles.

In an expression of confidence in the general film situation for 1924, the producer declared: "A close study of the situation has convinced me that the amusement business of America, Canada and the world at large, is on the threshold of an era of the greatest prosperity. It has never enjoyed more favorable conditions than it is enjoying today."

Mr. Fox's statement, issued in New York, indicated that \$25,000,000 would be expended on production, the major portion of which would be done in Los Angeles, \$5,000,000 on the construction of the new studio with 440 acres of grounds, west of the Los Angeles speedway in Fox Hills, and \$2,000,000 on the purchase of screen vehicles.

Mr. Fox's statement, issued in New York, indicated that \$25,000,000 would be expended on production, the major portion of which would be done in Los Angeles, \$5,000,000 on the construction of the new studio with 440 acres of grounds, west of the Los Angeles speedway in Fox Hills, and \$2,000,000 on the purchase of screen vehicles.

JURY CONVICTS ORSATTI

Defendant Found Guilty in Prohibition Bribery Case After Brief Deliberation

Morris Orsatti, formerly a leader in the Italian colony here, was found guilty last night by a jury in Judge Bledsoe's United States District Court of conspiracy to bribe H. H. Dolley, prohibition agent. Orsatti will be sentenced Monday. As he was convicted on twenty-one counts, his sentence can be as much as sixty-three years imprisonment. J. R. Johnson, formerly a detective, was co-defendant with Orsatti. He pleaded guilty and is awaiting sentence.

The defense consisted solely of five character witnesses for Orsatti. The defendant did not take the stand.

Assistant United States Attorney Heron then introduced in evidence checks given to Orsatti by Adamoli, one of the asserted violators, totaling \$1200, and a check from George Viesio amounting to \$1000. These checks were dated prior to the time Orsatti is accused of putting on foot the conspiracy.

A motion for an instructed verdict on the part of the defense was denied by Judge Bledsoe, and the arguments of counsel proceeded.

The defense rested its case in chief upon the plea that Mr. Dolley had entraped Orsatti. This argument was countered by Mr. Heron, who pointed out to the jury the difference between entrapment and a trap. Orsatti was not induced to offer money to Agent Dolley. As a part of his contention he offered Adamoli check, which was dated more than six months before Dolley took office.

Her parents, Mr. and Mrs. Douglas Coolidge, have started a search for her and juvenile officers have also been assigned to the case. Her father is proprietor of Coolidge's Rare Plant Gardens, a horticultural business known all over Southern California. He is said to be a second cousin of President Coolidge.

Miss Coolidge was until recently a student at Pasadena High School.

COOLIDGE RELATIVE IS MISSING

Pasadena Girl, Distant Relative of President, Disappears From Home

By a "Times" Staff Correspondent
 PASADENA, Nov. 1.—Jeanne Coolidge, 17 years of age, unusually pretty and said to be a distant relative of the President, is missing from her home, 74 South Michigan avenue, according to a report to the police. She has not been seen since yesterday when she left home for business college and did not return.

Her parents, Mr. and Mrs. Douglas Coolidge, have started a search for her and juvenile officers have also been assigned to the case. Her father is proprietor of Coolidge's Rare Plant Gardens, a horticultural business known all over Southern California. He is said to be a second cousin of President Coolidge.

Miss Coolidge was until recently a student at Pasadena High School.

COURTROOM USED FOR AUCTION SALE

The courtroom of Judge Paul J. McCormack was used for an auction sale yesterday, when competitive bids were taken in the property of the estate of William C. Furley.

The bidding opened at \$40,000 and went up to \$100,000. The property was sold to E. L. Williams, on terms of \$40,000 down, \$20,000 at six months and the balance at one year.

There will be a Halloween celebration by Everybody's Community tonight. It is announced at Pacific Hall, 1314 South Figueroa street.

CHARGE BOARD FAVORITISM

Contractors' Accusation of "Freeze-out" on City Work

Holly Denied by Charles Treat

Charging that the usual procedure of calling for bids on municipal construction work is not being carried out, but that the construction crews of the park department are being awarded such jobs without any form of contract or fixed price being set, the California Chapter of the Associated General Contractors of America, yesterday voted to address a letter to the Board of Public Works, requesting that the officials in charge of this work be compelled to comply with provisions of the Bred day-labor law so that a comparison of costs of this method and contract method may be made at a later date.

The Bred day-labor law provides that in work done by the municipal construction method, officials shall keep an accurate account of the cost of the work and prepare and file complete plans and specifications with estimates of cost of construction. Also, that the completion of the work, a certificate must be prepared showing the names of the bidders and the prices bid for the work, together with the cost under the day-labor method, and a comparison of actual cost of the work and the rejected bids may be effected.

SEE DISCRIMINATION
 E. Earl Glass, executive secretary of the Associated General Contractors, California Chapter, issued a statement yesterday declaring that the entire construction program of the city department, including plans for twenty fire stations, has been diverted from the usual channel of open bidding and awarded to the park department. The proposed fire stations include the main office of the fire department which will be erected on Hill street near Second at an estimated cost of \$250,000, he said. Another of these structures which will be erected is a police station, but should have been opened to responsible contractors for their bids.

TO QUESTION EX-OFFICERS OF THE CZAR

Kell Suicide Note Told of Plot to Obtain Their Entry Into America

Immigration Agent in Charge Alfred E. Burnett, will today question Konstantin Alexandrovitch Laisin, who was a colonel in the army of the late Russian Czar, and Pavel Nicolovich Yesselsky, said to have been a general in the Russian army, concerning their relations with Leo Kell, said to have been formerly Chief of Police in Kiev, Russia, who committed suicide at Santa Monica last Saturday.

It is said that just before killing himself by inhaling gas at his home in a bungalow court Kell-Pollakov wrote a letter to the immigration agent in which he announced his intention of taking his life, and gave as the reason the assertion that he had wrongfully conspired with these two former army men in the czar's service, to bring them into the United States under the pretext that they were relatives of Leo Kell.

Theresa Blaise, daughter of the supposed suicide, is now convinced that her father killed himself and that he was not the victim of a plot. That Kell-Pollakov killed himself was the decision set out in a report made yesterday by Deputy Sheriff Hunter and Bright after a complete investigation into the case.

Kell came to the United States from Russia after the revolution, and met Agent Burnett, while he was preparing his naturalization papers. He brought with him considerable money, it is said.

PETITIONS RECEIVED
 Transportation Company Asks Right to Extend Service
 Application has been made to the Railroad Commission by the Hodge Transportation System, centering in Los Angeles, to extend its service to include Newport, Brea and Costa Mesa in Santa Ana.

The Southern Pacific Company has applied for permission to construct spur tracks in this city between Violet and Bay streets and Mateo and Wilson streets.

JEWELERS ELECT
 At the annual meeting of the Jewelry Crafts Association at the Oaks Tuesday evening the following officers were elected for the coming year: President, Ray Verler; secretary, E. A. Miller; treasurer, E. B. Nicoll; transfer agent, Robert Kilian; corresponding secretary, George H. Marcher. The association is composed of jewelers, engravers and designers. Sixty-five persons were present. Mr. Verler, president, is a native of Los Angeles and has been in the jewelry business for many years. He is a member of the Los Angeles County Sheriff's office.

VICTIMS GUIDE POSSIBLE
 Adventurous citizens scrambled into their automobiles and, guided by six victims, followed the bandits at a thrilling race. The bandit car fled toward the Ventura highway. It was closely followed by a large red coupe, with a man and a young woman as passengers. The alarm was flashed across the city by a large red coupe, with a man and a young woman as passengers. The alarm was flashed across the city by a large red coupe, with a man and a young woman as passengers.

THE LITTLE STRIPPED RACER KEPT in the lead of the pursuers, over congested boulevards and through lonely lanes. Shots fired by some of the pursuers failed to stop them. Continuing along Ventura Highway, the small car and its red coupe companion wheeled into Topanga Canyon and onward toward the mountains.

BANDIT CAR ABANDONED
 In Topanga Canyon one of the bandit cars was abandoned. With their loot the gunmen left their cars stranded and ran into the mountains.

CHINESE STUDENTS PEEVED
 Take Exception to Statement That Mah Jongg Is Not of Pure Oriental Origin

Chinese students at the University of Southern California, who have been addicted to Mah Jongg for many years, yesterday conducted an indignation meeting on the campus after a statement was made by Miss Eleanor Chan, one of the prettiest Chinese-American co-eds in California, to tell the occidental world the truth about Chinese checkers.

The meeting, called by the president of the Chinese Students' Club, was in protest against the statement attributed to J. B. Babcock, secretary of the Chinese Students' Club, that Mah Jongg was a game of pure Chinese origin.

STUDENTS PEEVED
 This made them angry. None of them was more indignant than Miss Chan, their bobbed-haired spokeswoman.

"Mr. Babcock is said to assume credit for being the originator of the present Mah Jongg game, although he admits, according to the interview, that it is modeled after one which he played in China," she stated. "We have not only played Mah Jongg years before Mr. Babcock ever visited China, but Chinese ancestors also have played the same game, using the winds, flowers, seasons and other terms which, in the interview, are blithely admitted to be the products of the young American brain. Furthermore, this same game provided entertainment for the royal courts of China 1100 years ago."

CHINESE FOR SPARROW
 "Mr. Babcock was quoted as saying that 'Mah Jongg, in Chinese or any other language, means nothing.' On the contrary, the name is distinctly Chinese and means 'sparrow.' 'Pung' in the American idiom, is to 'butt in.'"

So there. The Wing Yan is president of the Chinese Students' Club. Miss Louise Leung is vice-president. Florence Lou is secretary and treasurer. Other members are Betty Chan, Little Leung, T. S. Wong, Ralph Ung, Stewart C. Wu and Edward R. Leung.

FRIDAY MORNING.

SANTA IS DAILY VISITOR OF KHJ

Every day is Christmas in Radioland. The Santa Claus of the ether comes to the station with the speed of light, bringing his gifts of beauty and joy. The broadcast station is his headquarters, and it is there that generous and talented artists fashion the presents for him.

The gift which was carried forth last night to an appreciative Radioland, was a gem of artistic beauty brought into being by three artists skilled in the art of presenting happiness. They were Jean Gilbert, tenor; Bill Hatch, pianist; and Frederick MacMurray, playing the viola.

The gift which was carried forth last night to an appreciative Radioland, was a gem of artistic beauty brought into being by three artists skilled in the art of presenting happiness. They were Jean Gilbert, tenor; Bill Hatch, pianist; and Frederick MacMurray, playing the viola.

Every day is Christmas in Radioland. The Santa Claus of the ether comes to the station with the speed of light, bringing his gifts of beauty and joy. The broadcast station is his headquarters, and it is there that generous and talented artists fashion the presents for him. OBERLIN DRIVE TO OPEN

Seat Reserved for Every Former Student at "Round-the-World-Dinner-Table" Tonight

Every former Oberlin student has a seat reserved at Oberlin's "round-the-world dinner table" everywhere in the world tonight when the great \$4,500,000 campaign begins. More than 16,000 graduates and former students of the college with their wives and husbands will sit down to dinner at the same hour. In 44 communities these gatherings will be conducted.

Los Angeles alumni and students will meet tonight in the banquet room of the Mary Louise Tea Room, 2200 West Seventh street, at 6:30 p.m. Three hundred are expected and interesting preparations have been made.

Speakers named: Dr. Robert A. Millikan, a graduate of Oberlin in the class of '91, will preside. The chief address will be made by Dr. Rufus B. Von Klein Smid, president of the University of Southern California, who was a student at Oberlin in the '90's and by Dr. Carl S. Patton, who graduated with the class of '89. Dr. Patton will tell why Oberlin needs \$4,500,000 and for what it will be used. He will explain how the campaign is being conducted and how each alumnus or former student may do his share.

Other speakers will include: John F. Rock of Los Angeles, for a generation principal of Oberlin Academy, now associate national chairman for the Pacific Coast; Al G. Wheeler, '22, one of Oberlin's most famous recent athletes; Dean Walter Steele, '26, will also appear.

Other diners of the same sort will be held at the same hour in Los Angeles, San Diego, Pasadena, Long Beach, San Jose and other points in California. In song Beach the meeting will be held at Spaulding, 140 Pine street, in Pasadena at Crown Hotel.

College guests, including some as far away as San Bernardino, will lunch at Claremont Inn at noon today with R. Chamberlain, alumni organizer for the Pacific Coast, will speak. People are coming to the Los Angeles meeting, however, from as far away as Santa Barbara, and a great effort is being made to reach every son and daughter of Oberlin. There are a 1600 in California and two-thirds of them are in the Southland.

The music during the dinner will be furnished by an orchestra of the public schools under the direction of Alma Sticker of the Oberlin class '99. Group singing, especially of college songs, will be led by Mrs. Robert Sargent, '12, with Mrs. Lillian Jackson Sargent, '12, Oberlin conservator of piano.

Oberlin people are the guests of the college tonight at the Mary Louise and refreshments may be made throughout the day.

AGREES TO PARLEY Council to Attend Conference on Boulevard Extension

The City Council has accepted an invitation of the County Regional Planning Commission to be present next Tuesday at a conference for the purpose of laying out a program for the development of Sepulveda Boulevard from San Fernando Valley to Los Angeles Harbor. The commission and the Council will meet at the intersection of Sepulveda Boulevard and the Mulholland Scenic Highway, construction of which will start soon. Bids for the \$1,000,000 Mulholland Highway district bonds will be opened by the Council next Monday morning.

MILLION HARDING STAMPS RECEIVED One million additional Harding stamps were received at the local postoffice, yesterday, the initial shipment of 400,000 having been exhausted. The collectors seem to have laid in their supply of stamps for philatelic purposes, and the demand now is confined to the regular stamp buyers who use them on correspondence in the regular course of business and communication.

LIQUOR-THEFT CASE DISMISSED BY COURT The cause against Fred Harris, charged with stealing ninety-six bottles and eight cases of whisky from the home of Fred Solomon, dance-hall proprietor, on June 12, 1921, was dismissed by Superior Judge Avery yesterday. A motion of the District Attorney that the evidence was insufficient to prosecute the defendant for burglary and robbery was sustained by the court. Harris was accused of taking the liquor, which was valued at \$1200, from Woo Chung, a servant of Mr. Solomon. The whisky was said to have been purchased by the dance-hall proprietor prior to July 1, 1919, when the National Prohibition Act went into effect.

PARTED AT ALTAR His kinsless bride told him shortly after their nuptials that she had "made a mistake." E. M. Dennison said in a suit for annulment of his marriage to Josephine P. Dennison, filed yesterday. Dennison declared his wife had professed a great affection for him prior to the marriage and he based his action on the ground of fraud. The couple were married July 19, 1921, and separated the same day, he stated.

WIFE BALKS DIVORCE EFFORT OF HUSBAND "I don't believe in divorce," testified Mrs. Elizabeth Jane Moore before Judge Summerfield yesterday. She had been called into court by the judge as a witness in divorce action brought against her by her husband, Alfred James Moore. He accuses her of desertion. "I am not contesting the case, and I wouldn't have come into court had it not been for your Honor's order. I don't care whether you grant him a divorce or not," Judge Summerfield did not grant the decree.

Bullock's — One o'Clock Saturday —

No longer just for Grandpa and Grandma are cosy boudoir slippers—the young folk, too, have learned their comfort and convenience—the first thing in the morning—to and from the bath—when resting—

Such a large and tempting assortment as there are at Bullock's—every color—many shapes—felts, satin materials—and prices ranging from \$1 to \$2.50. A pair of "comfy" slippers on the tree for each young member of the household should win gratitude.

Junior Girls' Felt Boudoir Slippers, \$1.75—With padded soles and silk pompon trimmed. Colors, old rose, peacock, ecru and American Beauty. Sizes 2½ to 7.

Junior Girls' Quilted Satin Slippers, \$2.50—With quilted lining and soft padded soles. Colors: Old rose, peacock, lavender, black and American Beauty. Sizes 2½ to 7.

Chinese Felt Slippers, in black with orange braid and cord trimming. Sizes 11 to 2, priced \$1.75. Sizes 2½ to 7 at \$2.50.

Infants' Felt Tie-on Slippers, \$1.00—Pink with white design on vamp—elk soles. Sizes 1 to 6.

Felt Cavalier Boots, with white felt cuffs and either leather or padded soles. Colors: Old rose, peacock and American Beauty. Sizes 5 to 11, priced \$1.75 and \$2.25. Sizes 11½ to 2, at \$2. and \$2.50.

Soft Sole Moccasins, for children or misses, daintily trimmed with a silk pompon. Colors: pink, Alice blue and red. Sizes 5 to 10½, priced \$1.50; sizes 11 to 2 at \$1.75.

Boys' and Young Men's Felt Slippers, Siesta and Everett models. Gray with plaid cuffs, blue with taupe cuffs, and brown with ecru cuffs. Sizes 1 to 6, priced \$2.25; 6½ to 9, at \$2.50.

Infants' One-strap Felt Slippers, \$1.00, with felt soles. Colors: red, pink, and blue. Sizes 1 to 5.

Children's Shoe Department, Bullock's Fifth Floor.

High School and College "Wool o' West" Boys' Suits, \$17.50

With Extra Knickers As long as it holds together, the "Wool o' West" will look well—it will not stretch and pull out of shape. And why? Because the material it is made of is woven of virgin wool—not shoddy.

Any mother who knits should appreciate the difference. It is the difference between splicing her yarn every second stitch, or knitting the whole garment from one virgin strand.

"Wool o' West" suits are splendidly made with seams bound and reinforced, pleated or plain back—four bellows patch pockets and belt. Brown, grays and blues in cassimere. Sizes 7 to 18. Price, \$17.50.

Boys' Caps, \$2.50

Smart, nobby caps with straight or pleated backs—in colors, tan, gray and brown, either plain or in large plaids. Sizes 6½ to 7½ at \$2.50.

Boys' Rain Coats, \$3.95

Of black rubber, with easily fastened clasp fasteners, convertible collar and two pockets. Sizes 2 to 18.

Slicker Hats With Chin Strap, 65c

Cool Nights Are Here

Boys' Outing Flannel Pajamas, \$2.25

In sizes 8 to 18—splendidly made garments in attractive patterns—frog trimmed.

Sleepers for Small Boys, \$1.95

Sizes 4 to 12—one piece—plain white or striped. Resembles pajamas with its frog fastening and breast pocket.

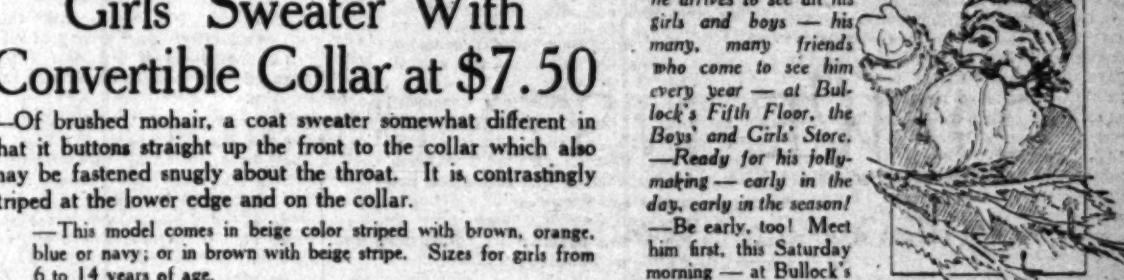

Bullock's Store for Boys and Young Men, Fifth Floor

Who do you think Arrives at Bullock's Saturday Morning? Can't you guess? Santa Claus!

With a jolly laugh—and his pack of toys—he arrives to see all his girls and boys—his many, many friends—who come to see him every year—at Bullock's Fifth Floor, the Boys' and Girls' Store.

Ready for his jolly-making—early in the day, early in the season!

Be early, too! Meet him first, this Saturday morning—at Bullock's Fifth Floor.

Of brushed mohair, a coat sweater somewhat different in that it buttons snugly up the front to the collar which also may be fastened straight about the throat. It is contrastingly striped at the lower edge and on the collar.

This model comes in beige color striped with brown, orange, blue or navy; or in brown with beige stripe. Sizes for girls from 6 to 14 years of age.

Girls' Sweater Section, Bullock's Fifth Floor

Of Interest to Women.

SOCIETY

BY CORA YOUNG

Miss Margaret Fawcett, who is to become the bride of Dr. William Fawcett, of this city, on the 21st inst., entertained thirty-five guests with a bridge tea yesterday afternoon in the home of Mrs. Fawcett.

The hostess, who is the daughter of Mr. and Mrs. James F. Fawcett, of Little Rock, Ark., is a graduate of the National School of Washington, D. C., and a member of the Red Cross and prominent Arkansas society.

Diet and Health

By Lulu Hunt Peters, M.D.

THE CONFESSIONS OF A BABY

By the adorable suckling many and very interested. They write many inquiries which Dr. Peters is eager to have and very glad to answer when possible. But more and more they neglect to self-address envelopes for her reply.

Now, owing to the great number of inquiries received, we are sorry that it is no longer possible to make replies to all the inquiries. Hereafter if you expect a reply you must enclose a stamped envelope fully addressed to yourself, with your inquiry. Otherwise your letter will have to be destroyed and the postage (if sent) will be given to charity.—(The editor.)

In two cabinets, run by electricity, there were paraded two sets of dolls dressed as babies. As the dolls representing the babies of ten years ago passed by, a figure representing Death at a Reaper, with his scythe in his hand struck every fourth baby on the head and it disappeared from sight. But as the dolls representing the babies of our times passed by, the Reaper struck only every twelfth baby.

It was a very impressive exhibit and doctor says she could not help thinking of the terrible heartaches that were caused by the baby deaths, even though they are three times as infrequent now as they were ten years ago.

Do you know one of the chief reasons why the Reaper takes fewer babies now than he did ten years ago? Doctor says it is because more mothers have been made to realize that the milk which God gave them in their own breasts for their own babies, is literally a life-saving food.

Human milk is so precious that if it should happen that a mamma does not have enough milk for her baby, she should not wean the baby but should give him artificial food along with the breast milk. Doctor says in those cases it is usually best for the mamma to give the breast first and then follow it by the artificial food.

Very often mammas who have a poor supply of milk can improve the milk if they find out the cause of the trouble. There are many causes but very often the poor milk is due to the fact the mamma is not eating right. I will tell you what my mamma eats to make the milk that makes me such a husky lad.

Well, first of all I will speak of cow's milk because that is our star. Mamma has a quart of it, at least, in some form. She takes it as a drink, or in cream, or in cream soups, etc. She takes milk because it has good calcium and will make her milk have good calcium. That makes my bones strong and also my teeth. And she has also had splendid protein for my muscles.

For her other protein, mamma has eggs or potatoe chives, or a small amount of meat or fish, and some nuts. Nuts are very good for they have splendid protein and fat and vitamins. The almond is the most valuable nut, and then peanuts and walnuts. Nuts are especially valuable.

Mamma takes whole wheat bread (instead of white bread, because of the mineral elements and vitamins, and it also prevents her from being constipated. If she is inclined to be constipated she takes some bran in her cereal in the morning, or some bran, or sometimes some paraffin oil.

Mamma eats many green vegetables, such as spinach, turnip tops, Swiss chard, dandelion, etc. You know, the milk and the green vegetables are called protective foods. Doctor has explained about that to you.

Mamma also has some fresh salads and some fruit every day. You see, in this diet my mamma has the best of everything. Mamma belongs to the won't worry club, and she has some physical exercise every day. I eat regularly and we don't eat so much that we get fat. Just strong and healthy and happy.

Linoleum Floors Save Money In Floor Upkeep

BUSINESS floors are the world's champion absorbers of street dust. Street feet knock and scuff, thud and shuffle over them. Beams open; tiny, invisible dirt pockets form. Char-

women scrub. Overhead moans. Your dirt-containing floors cost you money. Have you ever counted the cost of your floors? A large telephone company in Chicago has kept a careful record of the cost of maintaining floors. In their big building, linoleum floors show definite economies. The entire cleaning and waxing cost is less than a cent and a quarter per square foot per month.

Do you think your customers are not, at least subconsciously, aware of the state of your floors? A springy, easy-tread floor

Certainly they like the springy, resilient quality of linoleum. Armstrong's Linoleum is as resilient as cork. It is powdered cork, mixed with linseed oil. And it is burly-backed to make it tougher yet.

A linoleum floor is a noise reducer. It is therefore an overhead reducer from another angle. Every noise that breaks a business thought in your establishment costs you money. And every employee who fights off noise with his mind while working for you is under-producing.

Business men like Armstrong's Linoleum for its cleanliness. When properly laid, it has no unsightly, open seams. It is smooth and even-surfaced; and, if waxed and polished, a daily brushing with a slightly waxed dust-mop serves to keep it spick-and-span.

There is no floor more dignified than waxed linoleum. Its looks actually improve with age. Years mellow it.

For business floors the use of an electric waxing machine is recommended. In some cities there are firms that offer linoleum waxing and maintenance service.

ARMSTRONG CORK COMPANY, Linoleum Division, LANCASTER, PENNSYLVANIA
San Francisco Office—525 Rialto Building

Armstrong's Linoleum for Every Floor in the House

Floors for all business uses

In selecting a floor of Armstrong's Linoleum for store, office, restaurant, or any public or semi-public building, you can choose suitable designs in plain colors, Jaspés (two-toned effects), tile inlays, marble inlays, and parquetry inlays. Linoleum floors with borders, "built to fit the room," offer decorative floors for offices, stores, and smart shops. They may be had in designs and colors in keeping with the finest fixtures and appointments.

Your architect, contractor, or any good linoleum merchant can give you information on the economy of linoleum and its low upkeep cost. Or write for a free copy of our 48-page book, "Business Floors," which shows colorplates of the new designs and gives complete information regarding laying linoleum floors and their care.

Look for the CIRCLE "A" trademark on the linoleum book.

ROAD TO CUT FARES

Union Pacific to Grant Low Holiday Rates

Announcement was made today by T. C. Peck, general passenger agent of the Union Pacific system, that reduced round-trip fares for the coming holiday season will be made by that line between all of its stations in California, Nevada and Utah. For Thanksgiving Day tickets will be sold on November 27, 28 and 29, good for return until December 4. For Christmas and New Year, dates of sale will be December 22, 23, 24, 25, 26, 27, 28, 29, 30 and 31, and January 1, all good for return until January 3, 1924.

PLAYGROUND SOUGHT NEAR SOUTH VERMONT

A park and playground for the South Vermont-avenue section will be boosted at a meeting tonight at the John Muir Junior High School, at which speakers will include Charles J. Cadden of the City Playground Commission and Charles R. Raitt, superintendent of city playgrounds. There is now a playground south of Exposition Boulevard and west of Main street, and available tracts are being subdivided rapidly.

For The Man Who Cares

Pursuant with our recognized policy of giving the public the best value for the least money, you will be interested in learning that we have secured for your approval, the last piece of real inside hill property that remains in the City of Los Angeles.

Just think of it!

Improved homesites inside the 3 mile zone; just 31 blocks from our homesite office, 325 S. Hill.

Not a low lot in the addition. All lots are large ones.

Every one of them high and slightly, commanding an inspiring panorama.

Three short blocks to two yellow car lines; FIVE-CENT FARE.

Not away from habitation, but surrounded by beautiful homes, owned by industrious people who take pride in home ownership; this addition comprises only 54 lots. Good schools close by.

The prices will be from \$850.00 up, according to size and location; average price, \$1800.00.

Terms will be as low as \$100.00 down and \$20.00 a month, including interest.

Restrictions just sufficiently high to secure desirable neighbors; also restricted to the Caucasian race only.

The desirability and low prices of these lots means but one thing—they will all be sold in one day.

Therefore, to forestall any thoughts or ideas that may prevail, that it is only the friends who secure the choice lots in a new addition, we will hold no pre-opening sale.

Everyone will be given the same opportunity.

The lots will be placed on sale, Sunday, Nov. 4th, at 9 A. M., at which time each lot will be plainly marked with a tag, giving the lot and block number, size, price and terms.

When you see a lot you want—PULL THE TAG—and hand it to the attendant, together with your deposit.

BUT BEAR IN MIND

Positively no lots will be tagged or sold until

SUNDAY Nov. 4th.

There will be no free bus rides, lunch or circus stunts.

Nor will you be bothered by salesmen coming to your home or office asking you to take an auto ride to the property.

This is the one real opportunity for the man who desires a real homesite, close in, for his dear wife and kiddies.

Be ready to select your future home in the addition where you say "Good Morning" to "Good Neighbors."

Beautiful

MONTE VISTA

The one addition that is without competition and destined to be the most talked of and best thought of addition ever offered in the City of Los Angeles.

HOW TO GET THERE

On day of sale, take "W" car going North, get off at corner of Dayton and Cypress; or "E" car going North and get off at Cypress and Pepper Avenue; attendants will be there to meet you.

IF YOU DRIVE

Turn off Pasadena Avenue onto San Fernando Blvd., go West to first through street which is Dayton, turn right on Dayton and go 5 blocks to Cypress, then follow signs 3 blocks to MONTE VISTA.

DOCTORS READY FOR CONVENTION

Specialists to Lecture on
Disease Treatments

Dr. Herbert Evans Among
Noted Speakers

Medical Society Sessions to
Start Today

With a varied program of papers on medical and surgical subjects, the sixty-ninth semiannual meeting of the Southern California Medical Society opens at 2 p.m. today for a two-day session, at Knights of Columbus Hall, 513 South N. Flower street. Dr. Robert Pollok of San Diego is president of the association, and Dr. Ernest Crispin of Los Angeles is secretary.

Among the speakers for the meetings are Dr. Frank Porter Miller of Los Angeles, who will present his conclusions of a series of studies on the "Carbonic Dioxide Combining Power of Blood Plasma in Pulmonary Tuberculosis." Dr. Burnett Wright will discuss "Cystoscopy in Children." Dr. John Bacon, for many years chief surgeon of the Miami Inspiration copper interests, will discuss "Industrial Surgery in the Southwest." Dr. A. H. Galvin of the Johnston-Wickett Clinic, Anaheim, will present "Some Causes and Methods of Treatment of Backache." Dr. Maurice Kahn will present his observations on "Symptomatic Treatment of Hemiparesis." Dr. Holland G. Hamblin will discuss "The Recognition and Methods of Treatment of Pathologic Types of Anemia." Dr. Edwin Chamberlain of San Diego has a paper on "The Importance of Early Diagnosis in Tumors of the Urinary Bladder."

Dr. Lewman will use lantern slides to demonstrate "The Rationale and Technique of Surgical Treatment of Flatfoot." Dr. Guy Cochran will discuss "Hypertrophic Pyloric Stenosis in Infants," and surgical procedures for its relief. Dr. Elmer Bell will use lantern slides to show the "Results of Some Experimental Work on Renal Circulation and its Surgical Value as Applied to Nephrectomy." Dr. Nelson Janney will use lantern slides to show an interesting series of "Orthopedic Deformities in Endocrine Diseases." Dr. Hans Lauer of San Francisco, chief of the Endocrine Clinic of the University of California Medical School and assistant clinical professor of medicine, will give a lantern slide clinic of curious people with whom he has to deal showing "Types of Ductless Gland Diseases."

INSULIN ON PROGRAM
Dr. Bernard Smith and Howard W. Smith will present a series of studies in the use of insulin. Dr. Carl Hand will use lantern slides to demonstrate "Studies on Spinal Cord Tumors," in which there has been surgical intervention.

In addition to the above speakers there will be many others of prominence in the medical profession. The Friday evening session will be Dr. Herbert Evans, University of California, who will present, illustrated by slides and charts, experimental work demonstrating "The Hormones of the Anterior Hypophysis." The Saturday evening address is to be given by Dr. Robert Millikan, director of the Norman Bridge Laboratory of Physics, and chairman of the administrative council of the California Institute of Technology. Dr. Millikan, who is one of the foremost physicists of America, will discuss the relation of medicine, chemistry and physics.

SMALL MAN OVERHAULS SIX FOOTER

Manager Wins Race With
Suspect Who Grabs Bag
of Cash at Store

A chase in which a six-foot thief was caught and overcome by store manager considerably smaller gave shopping crowds a thrill yesterday on Broadway between Fourth and Fifth streets. The asserted thief was Mike Naldandian, 31 years of age, of 1519 East Fourth street.

Naldandian, it is asserted, walked into the Kress 5 and 10 cent store at 431 South Broadway, darted his hand into the cashier's cage, seized a bag of money and ran, knocking over a woman shopper in his flight. W. R. Simpson, assistant manager of the store, sprinted after him. Naldandian ran along Broadway with Simpson in pursuit, and dashed into an office building, running up the stairs. Simpson kept after him and caught him on the third floor, where the fugitive turned and started to put up a fight. Despite his considerable advantage in size he was getting the worst of the struggle when Detective Lieutenant Allen and a patrolman, who had been told of the chase, arrived and put Naldandian under arrest.

Simpson recovered the money bag which contained \$425.

Monday Set as Bargain Day in Liquor Circles

Another bargain day for the bootleggers will be conducted by the local Federal court Monday. Scores of the liquor law violators have pleaded guilty the last month, with the understanding that they were to be given until November 5 to raise the fines.

In addition there are many others whose cases have been the calendars for months, who have become weary of holding on, and will come into court and pay a fine, the size of which has already been agreed upon.

The bargain day for the bootleggers several months ago netted fines of more than \$100,000 for the government. The catch next week will not be quite so large, but it will be satisfactory from a financial standpoint.

Life Periled by Jealous Suitor

Miss Ida Harris

FIRES AT WOMAN, ENDS LIFE

Hitler Lover's Body Found in Yard After Shot Misses
Former Sweetheart

A persistent suitor of Miss Ida Harris, 28 years of age, of 1001 East Vernon avenue, fired a load of shot at her through an open door late Wednesday night and then blew the top of his own head off with another shot. His body was found by police at daybreak yesterday, in a yard adjoining the Harris home. He was identified as Hans Mager, 34 years of age, of 524 South Fremont street.

The charge passed so close to Miss Harris that powder burned her arm, and buried itself in a door.

She had been sitting reading, she told the police, when she heard a noise at the screen door. She turned to investigate, and was startled by a shotgun blast, which made a deafening noise in the small room. Then, a moment later, another shot was heard outside. A call to University Station brought Officer Critch, who searched about the house but found no one. The body remains on guard all night and in the morning discovered Mager.

Miss Harris said she had been engaged to Mager, but broke off with him last January. Since that time, she said, he had repeatedly threatened her life, and once attacked her when she was walking on Sixth street. For this he was found guilty of battery and served sixty days in jail, she said.

Officers Vail and Parsons, on searching the body, found a note addressed to Robert Harris, Miss Harris's brother, which read in part: "My sister lives at 402 East Sixty-ninth street. Jackie belongs to me and you will all be sorry. I will prove that no human law can separate us."

Mager's body was taken to the E. B. McCormick undertaking rooms.

Plan for Wider Pico Street is Given Approval

The widening of Pico street to 100 feet from Crenshaw Boulevard to the west city limits was endorsed yesterday by the City Council as a project of vital necessity to the city, and the City Attorney and City Engineer were instructed to prepare preliminary plans.

In the absence of a 51-per-cent property-owners' petition asking for the improvement, the Council will require that the Greater Pico Boulevard Association and others interested in the project deposit with the city a bond of sufficient amount so that in case the proceedings are later abandoned because of protest from majority property owners the city will be recompensed for its engineering expenses. If this project goes through, it will be the first step toward the widening of Pico street to 100 feet throughout its entire length.

HUSBAND FLED WITH CHILD, SAYS WIFE

The minute divorce papers were served on him, William G. Scollard up and left, and took the baby with him, according to the testimony of Miss V. Scollard yesterday in Judge Clock's court. She was asking for temporary alimony and the custody of the child. "I don't know where he went, Your Honor," she testified. "He took the baby and never left a trace."

The court instructed her that she would have to find the child before its custody could be granted to her, but said an order would be made to that effect soon as the child was located. Alimony payments of \$75 a month were set by the court.

ANNUAL DINNER PLANS
Plans for the annual dinner of the Hollywood Retail Merchants' Bureau are to be discussed today at a noon luncheon at the Ching Chow Inn on Hollywood Boulevard. A preliminary outline of the entertainment has been made by officers. It is planned to make the annual dinner for nonmembers as well as those interested in the bureau and to send invitations to all merchants of Hollywood.

The Original Vacuum Pack

Increased Demand

for rentals, houses, lots, automobiles, furniture and other things incident to the growth of Los Angeles, is often reflected in a strain on the Times telephone switchboard, through which thousands of want ads pour into the newspaper each day. The peak load each week invariably occurs late Saturday afternoon, making it sometimes difficult to render the faultless service which the Times aspires to give to every advertiser. Patrons are urged to telephone Sunday want ads on Friday or Saturday morning, thus getting a quick telephone connection, and making it possible to give every advertisement the care which it deserves.

Last Sunday's Times contained the biggest volume of want ads printed on any day since January 1, and a similar if not greater volume is indicated for the forthcoming big Sunday issue.

TO DEVELOP CITIZENS BY MUSIC'S AID

Club Plans Community Singing in Auditoriums of Public Schools

The first of a series of community singing programs planned by the Civic Music and Art Association, in its campaign to develop the citizenship through the medium of music, will be conducted at the Central Intermediate School Wednesday evening, the 21st inst. A special committee with Mrs. J. J. Carter, vice-president of the association, as chairman and Mrs. Maud D. Lee, as vice-chairman, is working out plans for the program along the lines of the affairs that have been conducted by the Hollywood Community Chorus. In this work the committee will have the co-operation of Mrs. Susan M. Dursey, city school superintendent, the music departments of the various schools, Parent-Teacher Associations and community groups.

It is planned to use the larger public school auditoriums in various sections of the city and to organize neighborhood committees in each section. As these community music groups are developed it is planned to have an interchange of neighborhood talent. All groups are expected to unite in a community program and festival during Music Week, May 3 to 11, next year.

In the preliminary plans for the first program the committee is receiving the assistance of Miss Helen Handman, president of the Parent-Teacher Association of the Central Intermediate School; J. T. Reinhardt, principal of the school, and Henry C. Niese, chairman of the International Section of the Civic Music and Art Association.

Twenty Years as Merchant Remembered

Hundreds of messages from friends in Los Angeles and all over the country poured in yesterday on Otto Neisser, veteran local merchant, congratulating him on the completion of twenty years as sole agent for the Ruud Automatic Water Heater Company in this district. The parent company remembered the occasion by presenting to Mrs. Neisser an elaborate silver dressing table set, and to Otto himself a suitably engraved watch.

Mr. Neisser's progress as a dealer in water heaters has kept pace with the growth of Los Angeles. Twenty years ago it was only the very "wealthy" who could even be listed as prospective purchasers of these now universally-used articles of household equipment. But Mr. Neisser foresaw both the change in sentiment and the certainty of the city's growth, and his business today shows in its magnitude the results of his faith.

"Twenty years look on the 'Saturday night bath' as a joke that is becoming passé even in second-class vaudeville," said Mr. Neisser yesterday, in looking back over the past two decades in Los Angeles. "It was a reality once, though. Lots of times I would try to sell a water heater, and very often the reply was 'No, no, Otto. That would be trying up too much money when we only need hot water once a week.' Those were the days when they heated the bath water in the wash boiler, and the housewife prepared the dish-water in the kettle."

Otto Neisser is strictly a "home product." He was born in Alameda county, spent his boyhood in Alameda county, and took his first "job" in a men's furnishing store in San Francisco. Then he came to Los Angeles, where he joined his brother in an electrical supply store. Then he married the sweetheart of his school days and struck out for himself. His first independent business venture was to secure the Ruud heater agency—and he has been at it ever since.

Thinks Hawaii Offers Greatest Business Field

The Hawaiian Islands offer a greater field for business expansion than any place of similar size, declared F. W. Blanchard, prominent local business man, yesterday in announcing his intention of accompanying the Chamber of Commerce's second annual excursion to Honolulu, which starts Saturday aboard the City of Los Angeles.

"The firms that have sent representatives to the islands," said Mr. Blanchard, "have developed excellent business, as the island concerns are anxious to trade with Los Angeles. Hotel men in Honolulu are strong for Los Angeles, because we have filled their rooms for the first time by the establishment of the Los Angeles-Hawaii Steamship Line. The steamship line has given Los Angeles another playground, one of the most beautiful in the world."

Arrangements for the excursion are now completed, with more than 100 reservations. There will be an inter-island trip on the steamship Haleakala, which will permit the excursionists to visit all the islands and get a better idea of the commercial possibilities.

SAYS AIM OF MATE WAS TO ANNOY HER

Josephine E. Law failed yesterday in her attempt to have the alimony order issued to her husband, Arthur H. Law, raised from \$100 to \$200 a month, but aired her views on her husband's methods, as she claimed, of hiring investigators to annoy her. A woman named Florence Holmes, in particular, called at her house threatened her, she told the court. Law stated that he had never heard of the woman. Mrs. Law also charged that her husband had refused to divide with her \$1100 community property which he had in the bank. Law charged that his wife had overdrawn the account and canceled the obligation. Mrs. Law was asking for more money because of her poor health, she said, but the court continued the previous order.

Men's, \$4.00 a dozen and Up.

FIRST FLOOR

Wash Goods

NIGHTWEAR for women, men, and children may be made from one of these excellent qualities of Outing Flannel and worn in snug comfort not only this winter, but many winters.

It is in serviceable colored stripes and checks, as well as in plain colors, pink, blue and white.

Outing Flannel, 27 inches wide, begins in price at 25c.

Beacon Bathrobe, of a quality that is indisputably satisfactory is to be had in almost any imaginable coloring and pattern with warm browns, in greys, navy blues, light blues and pinks for foundations; the fabrics are patterned in a variety of ways with contrasting shades.

This unusually fine bathrobe may be had at 50c a yard.

Cords to match are priced at 50c each.

SECOND FLOOR

Gift Furniture

AT THIS particular time, unusually good values in furniture arouse interest on every side. Since the holiday season—when furniture for gifts will be one of the recurrent thoughts—is nearer with every fleeting minute.

A long-talked-of Gateleg Table, a privately coveted Sewing Cabinet, an odd Chair, or Desk; or that necessary convenience, a Tea Wagon. Any of these pieces and many more, all selected for their beauty of design and fine workmanship. And all worthy expressions of the donor's sincerest wishes.

Windsor Chairs or Rockers may be had beginning in price at \$15.75.

End Tables of varied design begin at \$19.75.

Sewing Cabinets are priced at \$49.75.

Tea Wagons, beginning at \$29.75.

And many, many other pieces of equally fine furniture.

SIXTH FLOOR

Rugs

CHINESE RUGS, in the irresistibly soft tans and clear blues that make them so harmonious a factor in room decoration. They are obtainable in many sizes, from the small 4x7 foot rug to the large 14x21 size. The 9x12 rug most widely wanted may be had at \$316.00.

And great numbers of Wilton Rugs—those famed for deep, rich texture and the years of unflinching wear they are capable of. Wilton Rugs from the small mat size of 22½x36 inches to those 11.8x18. A special assortment of 350 Wilton Rugs, 9x12, include some priced as low as \$105.00.

Bundhar Imperial Rugs, all authentic copies of the antique Oriental and Turkish Rugs, are offered in many sizes from the 27x54-inch, at \$15.50, to the 11.8x18, at \$509.00.

SIXTH FLOOR

Sweaters Unusually Low Priced

OCCURRING AT THE PSYCHOLOGICAL SEASON WHEN THE NEED OF A SWEATER BECOMES A CRYING ONE—IT IS A TRIPLE GROUPING OF SWEATERS WHOSE PRICES HAVE BEEN MADE LESS, MANY OF THEM BY HALF, THAN THEY ORDINARILY ARE.

THEY ARE SWEATERS OF AMAZINGLY DISTINCTIVE STYLES. SOME OF THEM OF FIBRE, SOME OF ALL WOOL, SOME OF FIBRE AND WOOL COMBINED.

SOME ARE PRIMARILY FOR THE WARMTH THAT WAS THE ORIGINAL PURPOSE OF SWEATERS, BUT EVEN THOSE HAVE ASSUMED COLORINGS AND TEXTURES SO DELIGHTFUL THAT ONLY AFTER BEING CAPTIVATED BY THEIR SMART APPEARANCE DOES ONE REMEMBER TO BE SATISFIED WITH THE SERIOUS SIDE OF THEM.

And the consideration of price is reduced to a fraction of its usual importance.

100 of the Fiber Sweaters in tuxedo and sports styles, with novelty front and plain back matching the sleeves. Others are of solid color in the attractive check weaves. All reduced to, each..... \$7.50

25 Wool Sweaters, in the wanted tuxedo style, and in a wide choice of colors may also be had at the unusual pricing of..... \$7.50

75 Slip-on Sweaters of fiber and wool combined, in a good assortment of broken sizes, may be had with long sleeves, V-neck and aashes. In shades that include gold, scarlet, tomato, brown, turquoise, pink, black, beige and orchid. At..... \$5.75

THIRD FLOOR

Engraved Greeting Cards

THE wise plan is to make an early choice—while the selection is still complete—and orders placed now will receive the minute attention which only unlimited time makes possible.

STATIONERY SECTION—FIRST FLOOR

Robinson's Mail Order Service

ORDERS may be placed by mail in any section of the store and will be filled with care by experienced shoppers.

Particularly as the holiday season approaches, out-of-town patrons should find this service of great interest.

Prompt attention given to orders—and all charges for their mailing are prepaid.

FIFTH FLOOR

Electrical Appliances

COMPLETE to the newest detail and improvement of every one of these electrical innovations, this assortment adds the interest of moderate price to the wanted quality.

For convenience in preparing meals for one or two or more persons are electric stoves and toasters and waffle irons and chafing dishes. And curling irons, vibrators, hair dryers and heating pads are offered among the toilet appurtenances.

For diverse household uses are irons, electric heaters, sewing machine motors, cream whippers; all of them of dependable construction that insures long terms of service.

Vacuum Cleaners of the several finer makes, all on a level of competition, are presented at different prices. Cleaners are made easily obtainable by the arrangement of term payments that is possible.

Representative prices of some of the electrical appliances follow:

Toasters may be had beginning at \$5.00.

Coffee Percolators at \$7.50 or more.

Curling Irons at \$4.50 and at \$6.50.

Irons at \$5.00 and at \$8.95.

Royal Vacuum Cleaners at \$60.00.

SIXTH FLOOR

MERCHANDISE will not be accepted for credit or exchange, unless it be returned within five days from date of sale; accompanied by sales check, and in the same condition as when purchased.

J. W. ROBINSON CO.

Member of Retail Dry Goods Association

Silks

THE soft, clinging black silks, daily rich, or gleaming with satin finish, or with lustrous brocade, were never more the vogue than this winter season will see them.

Always black is the prevailing note; black for blonde and brunette alike.

Black Brocade Crepes, beautifully patterned, begin in price at \$5.50. Satin finish Crepes, also of black, begin at \$4.00 a yard. Charmeuse Satins, again of black, begin at \$4.50.

And Taffetas—shimmering in swirling, more effects are as variously colored as a garden of pastel tinted flowers. Others are taffetas of plain solid shades, in the crisp folds of which high lights and shadows merge and shift enchantingly.

In many pastel shades, if obtainable at \$2.50 a yard.

SECOND FLOOR

Woolens

ALL-Wool Crepes—for practical utility, proves that a fabric may resist successfully the attacks of shabbiness and wrinkling without diminishing its beauty.

An unusually soft and delightful fabric that embodies warmth, wearableness, and adaptability to the current styles.

Newly arrived, it brings with it a forecast of what is soon to rule the world of woman's fashions: A check of self-color relieves the solid shades of tangerine, navy, slate, copen or black.

This in a wide 54 inches, and priced at \$5.50 a yard.

SECOND FLOOR

ZIMBALIST PRAISES CITY

Los Angeles Becoming Musical Center, Violinist Declares in Interview Praising Americans

Los Angeles is rapidly becoming a musical center, said Etrem Zimbalist, violin virtuoso, in an interview at the Alexandria yesterday in which he discussed the development of musical activities in this city during the twelve years since he first appeared in concert here.

"You have a wonderful orchestra, and many other musical organizations of merit, and nowhere in the country does one find greater appreciation of good music or a more earnest effort to develop talent than in Los Angeles," he said.

And what is true of this city holds good to a considerable extent in most other American centers today, not only in musical lines, but in the realm of art generally, in the opinion of the violinist.

"Europe has ceased to be the principal field of the musician, and America is coming to the front in artistic lines. European artists are all taking up their residence in this country. This will have the effect to hasten the development of art here, and eventually, I believe, America will become known as the world's center, not only of finance and industry, but of art as well. The indications now point in that direction."

Aside from his music, Mr. Zimbalist has a hobby. It is the collection of rare violins. It is the collection of rare violins. It is the collection of rare violins.

Etrem Zimbalist

Fast, at least for some time to come. But this is certainly a wonderful place. It seems to me that with the inspiration of the surroundings provided in Southern California, a school of art should develop here that will lead the world.

The instrument Mr. Zimbalist now uses in his concert work is a Stradivarius known as "The Titan," which is held by experts to be the finest fiddle ever turned out by the famous Italian. The violinist purchased it this summer from the collection of Mr. Bernardini, noted French collector, the purchase price being \$22,000.

"This violin is called 'The Titan' because of its color," said Mr. Zimbalist. "It is one of three instruments made by Stradivarius in 1715. The Italian worked as his business of making violins for almost seventy years, but is supposed to have been at his best between 1710 and 1720. As this instrument was made in 1715, I feel that I have the product of the height of his product."

Mr. Zimbalist says that Stradivarius has had many imitators, but never have the instruments equaled that of the master in tone quality.

"Violins have been made that are exact reproductions in the minutest details, but they are not Cremonese. They lack that subtle quality which sets the genius apart from the rest of mankind, not only in the making of violins, but in music, painting, oratory, writing or any other line of artistic endeavor."

Mr. Zimbalist is enamored of California, and said he wished he might live here. "But my work necessitates my remaining in the East, at least for some time to come. But this is certainly a wonderful place. It seems to me that with the inspiration of the surroundings provided in Southern California, a school of art should develop here that will lead the world."

WOULD DANCE OLD YEAR OUT

Ballroom Managers Ask City Council to Extend Hours

Shall there be public dancing in Los Angeles until 3 o'clock in the morning of New Year's Day?

This is the question the City Council will wrestle with today, following the receipt of a request of the Los Angeles Ballroom Proprietors' and Managers' Association that the closing hour for public dance halls be extended from midnight until 3 a.m. one night only so as to permit dancing to continue through New Year's Eve past the midnight hour and until 3 a.m.

The Council last year denied a similar request because the dancehall proprietors were late in presenting their request, but this year Fred Solomon, representing the dancehall proprietors, was early on the job with the plea that dancing be permitted past the midnight hour of December 31. The dance hall proprietors are hopeful that five Councilmen will approve the request.

Additional support was given the referendum petitions circulated to make inactive the auto truck weight ordinance recently enacted by the City Council, when directors of the Chamber of Commerce decided to oppose the action of the legislative body. This action was taken at the regular meeting of the directors yesterday.

CHAMBER OPPOSES AUTO ACT

Joins Fight to Force City Referendum on Ordinance Limiting Weight

The Auto Club has taken the position that the ordinance enacted by the City Council does not coincide in spirit with the new State traffic law.

The latter also declared that of the 3200 miles of streets in Los Angeles only one-fifth are designed to bear the 14,000-pound load. The local measure was introduced on September 18, last, passed on the 18th and scheduled to become effective on the 5th inst.

Charging that Los Angeles county in building a road through Malibu, near Santa Monica, failed to adhere to the specifications set forth in condemnation proceedings to secure the right of way, the Maribee Land Company, successor to May K. Rindge and the Rindge Land Company, yesterday brought suit in Superior Court against the county for \$121,872.26, asserted to have been sustained as damages. The land company was in litigation with the county prior to the condemnation of a right of way for the road through the ranch which was completed in November 1921.

The complaint states that the county, to fulfill the specifications for the road, would have expended \$121,872.26 on the road whereas only \$44,755.44 was spent. Where the specifications called for a road up to forty feet in width the road built was actually from ten to twelve feet wide and in some places only eight feet, the complaint sets forth.

LARGE SUM SOUGHT IN ROAD SUIT

Failure of County to Follow Specifications Basis of Action

Asserted failure to provide runways and passageways along the road through the ranch resulting in considerable loss by strayed stock is also mentioned. It is also charged that the road was of inferior construction.

The complaint was prepared by Dray Jackson.

DRY-LAW VIOLATORS DRAW HEAVY FINES

Peter Palu, proprietor of a French restaurant at 217 Commercial street, was fined \$1200 yesterday by Police Judge Sheldon in University Police Court for selling and possession of liquor. Officers testified they were served with a meal, and that they found in the kitchen peach brandy and wine concealed in coffee pots and milk bottles. J. J. Gardner of 1226 West Sixth street was fined \$800 for selling whisky. It was testified he served the beverage to participants in a poker game at the address given.

TAKE THINGS WITH EASE AND CHARGE BIG FEES

By PAINLESS PARKER

I am a believer in economy. I have given thirty years of my life to the perfecting of economic dentistry and the greatest obstacle I have had to overcome is the average dentist's ingrained habit of waste. The high cost of professional service in this country is due to the fact that the average professional man has no knowledge of the meaning of the word economy. "Economy," the old saying goes, "is the life of trade." And competition—dire economy—has forced the business man to practice economic methods of production and distribution. The result is comforts for the masses that a generation ago were luxuries only for the rich.

Can you make the average dentist believe that the principles of economic production and distribution can be successfully applied to his work? You cannot. He is a "professional man." He is an art-

LEGION TO HAVE AIR CARNIVAL

Aces Will Take Up Any
Who Want to Try Stunt
Flying Armistice Day

If there are any adventurous residents of Los Angeles and adjacent cities and towns who desire the experience of looping the loop, nose diving, tail spinning, side slipping and doing the maple leaf, they can be accommodated on the 11th inst., Armistice Day, at Rogers Airport, on Wilshire Boulevard.

An aviation carnival will be given on this day at the airport by the American Legion. The post is composed of police officers, newspaper men and city and county employees.

A number of Southern California flying aces will participate in the carnival and will take up any passenger who desires to go up. The aviators will willingly accommodate anyone wishing to experience the thrill of stunt flying. Prof. J. Edgar Smith, of the Children's Home Society of Los Angeles.

Many film celebrities will also be present and will autograph all tickets sold. Tickets will be purchased at the airport.

HARBOR TRADE IS MULTIPLIED

Tonnage Handled in July is
Three Times That of
Year Before

The grand total of all commerce handled over the principal wharves at Los Angeles Harbor during July was 2,570,326 tons, according to a report of the Board of Harbor Commissioners issued yesterday. This was three times the tonnage handled during the same month last year. The value of the freight handled in July this year was \$19,758,428, or an increase in valuation of \$23,008,806 over the same month last year.

Chased at the airport, "Emil and Irish" Meusel, brothers, who recently returned from New York, where they participated in the world's series, will officiate as ticket sellers. Judge Sam Blake, who is the latest member of the post, also will be present.

Check Blanks on Income Tax Are Released

United States Collector of Internal Revenue Goodell yesterday released Forms 1094 and 1095 for the calendar year 1922.

These forms disclose information by which virtually all income tax returns are checked, and are the only forms issued by the Internal Revenue Department that are mailed direct to the Commissioner at Washington.

Form 1094 must be returned by every person, corporation or firm that pays any employee or agent any sum of money amounting to \$1000 or more. The name of each person must be given and the sum paid.

Form 1095 is an annual information return of payments of interest, salaries, rents, etc., of \$1000 or more, and is virtually a summary of Form 1094.

Where requests for large quantities have been made, the collector (Goodell) says that both forms are being supplied from Washington.

Collector Goodell says that both forms must be mailed to the Commissioner of Internal Revenue at Washington, and not to the Los Angeles office. Both forms must be in the hands of the Commissioner by March 15, 1924.

Vaccination for Smallpox Urged by Health Head

Dr. L. M. Powers, City Health Commissioner, yesterday issued a statement announcing an increase in the number of smallpox cases especially among school children, and urging all unvaccinated persons to seek vaccination either from personal physicians or from the City Health Department. There are more cases of the disease in Los Angeles today, Dr. Powers said, than there have been for twenty-four years.

Fifteen houses in the city and a small hotel on Main street are under quarantine and thirty-three cases of smallpox are in hospital. Forty-four cases were reported last week and twenty-three were reported the first three days of this week. Yesterday several hours were spent by the health department physicians in vaccinating all employees and boarders at the hotel on Main street. Dr. Powers decried the lack of authority to enforce vaccination especially in the schools of the city. In eastern cities where there are State laws providing for that precaution in the schools, Dr. Powers said, smallpox is so uncommon that a single quarantine attracts considerable attention from the press.

CALIFORNIA ALUMNI BANQUET AFTER GAME

Regardless of who wins the U.S.C.-California football classic here the 10th inst., the alumni of the Berkeley institution will gather for a banquet and reunion that evening at the Alexandria Hotel. Plans are being made for the largest crowd of California men ever entertained here. It is stated. It has been customary to have the banquet following the New Year's game, but reports from the north state special trains, steamships and an auto fleet will bring hundreds of alumni for the game and it was therefore decided to set the banquet at the earlier date. It is planned that the program for the evening will include music and a few speeches, but chiefly a reunion and "open house." Reservations for the banquet may be had by communicating with Harold B. Reed, 214 Van Nuys Building, the committee announcer.

COUNCIL TO VOTE ON NEW YEAR DANCING

The City Council is scheduled to vote Monday on the question of granting the request of the public dance-hall proprietors of Los Angeles that dancing be allowed in their establishments until 2 a. m. New Year's Day. In case the Council fails to grant the request, Fred Solomon, representing the dance-hall owners, said yesterday that an initiative ordinance petition will be circulated, and he was confident a sufficient number of signatures could be obtained to provide the two-hour extension of dancing time past the midnight hour for the New Year's celebration.

YEGGS' PRINTS OBTAINED

Detectives yesterday obtained photographs of finger prints left by yeggs who broke into the C. S. Spencer coffee and doughnut shop at 423 South Hill street early in the morning and obtained \$225 from the safe. The yeggs hampered the combination from the strong box.

FREE SPEECH URGED

Release Political Prisoners, is Plea of Churches

Charging that attempts have been made to suppress freedom of speech in the Southland, the Los Angeles Association of Congregational Churches and Ministers, at a session conducted at Buena Park, passed a resolution "deplored such efforts" and pledging the support of the organization to "the maintenance of these great constitutional liberties in times of both peace and war."

Another resolution adopted, and sent to Washington, D. C., requests President Coolidge to "release all political prisoners now being held for expression of opinion or for membership in any organization, except such prisoners as may have been found guilty of specific crime after due indictment and trial."

"Covers of books anciently were made of boards; later folds of paper were pasted together for this use, the name of board being preserved and enlarged to paste-board."

Darby Farms

with an abundance of pure water

for sale 26-acre California poultry and fruit farm

Change of plans cause Mr. Wesley Clark, owner, (204 L. A. Railway Bldg., Los Angeles) to offer for sale this ideal income-producing poultry farm (located 1/2-mile south of Foothill Blvd., only 56 miles east of Los Angeles.) Darby Farms, a piece of raw land in June, 1921, is the result of two years of careful planning and equipping. Today it is entirely beyond experimental stage and ready for immediate profitable, big-scale production.

Water Supply

17 Shares of Mutual Land Water Co. stock provide the "best water you ever drank"—so essential to successful poultry and fruit raising. Facilities for handling water consist of—

- 12" Cement irrigation pipes over entire property.
- 25,000 Gallon Reservoir.
- 14,000 Gallon corrugated iron water tank and pumping plant.
- Water piped to all buildings.

Family and Commercial Orchard

500 Assorted Grapes, 200 diversified fruits, consisting of oranges, lemons, grapefruit, tangerines, kumquats, apples, apricots, peaches, cherries, figs, almonds, walnuts, pralines, plums, pomegranates and 500 Phillips & Tuscan cling peaches.

Drive Out over the week-end—only 56 miles east of Los Angeles, 1/2-mile south of Foothill Blvd.—1/2-mile east of Rialto—2 1/2-miles west of San Bernardino.
